BLOODSHED IN MEXICO IS OVER IF PLANS WORK OUT

General Carranza, Chief of the Constitutionalist Forces, is Said to Comtemplate a Peaceful Entry Into Mexico City Without the Attending Property Damage of a Military Conquest—Revolution a Success

Monterey, July 16.—Fighting and bloodshed is over in Mexico, if the plans announced here today by Gen. Carranza, first chief of the Constitutionalist army, go into effect. Gen. Carranza declared his main object now would be to conduct negotiations for the Constitutionalists to enter Mexico City and establish their government without further disorder, shedding of blood or damage to property.

How these negotiations would be arranged, Carranza declared he had not yet determined. He was unable to say at this time whether tney would be conducted through the Argentine, Brazil and Chile mediators or direct with the Federals.

Unconditional surrender, however, will be the only condition on which these negotiations will be successful. Carranza made that plain to newspaper men who talked with him today. He declared that the "reforms for which the Constitutionalists fought must be obtained at whatever cost."

Will Not Compromise.

"The resignation of Gen. Huerta and the substitution of Carbajal in itself will not cause the Constitutionalists to compromise, on a single point, the principles upon which the movement was founded," declared Carranza.

"If the government machinery through which those ends may be obtained is not surrendered voluntarily by the party of Huerta, they would be obtained by force."

Because of the effort to make the Installation of the Constitutionalist government a peaceful one, Carranza said it probably would be a month before he entered Mexico City. He stated that he did not believe that Carbajal was strong enough to handle effectively the reigns of power passed over to him by Huerta, if the latter had left the Republic for the island of Cueracao, as was reported here today from the United States.

Carranza said he thought Carbajal or any man in civil life would find the situation most difficult and he expected that the new president would open negotiations with him at once. Telegraph service with Mexico City would be opened at once he said.

In view of the situation facing Carbajal, Carranza declared it might be necessary to send Constitutionalist troops to Mexico City to preserve order and that such a situation was being prepared for.

Commissioners En Route.

El Paso, Texas, July 16.—The peace commissioners who will invite the Constitutionalists to take possession of Mexico City left the capital today for Guadalajara, said unofficial advices received here tonight.

Gen. Alvaro Obregon has established headquarters at Guadalajara, which is only 15 hours by rail from the capital. Fifteen thousand troops, 5,000 from each division of the Constitutionalist army, will enter Mexico City simultaneously, according to Constitutionalist officials here.

This plan, it was pointed out, would prevent jealousy between the three divisions of the army. It was predicted that each division commander, Villa, Obregon and Gonzales, would lead his own command into the capital. After military rule has been established in Mexico City, the other troops in the three divisions will visit the capital. If this plan is carried out more than 50,000 Constitutionalist soldiers will be quartered in Mexico City within a few weeks.

"There is no ground for the belief that my troops are in Chihuahua for any other purpose than recuperation," said Gen. Villa today in Juarez. "I expect to take my troops toward Mexico City in a few days."

In reply to a question whether it was true that there are still some differences among the Constitutionalists, Gen. Villa said he knew of none.

Word was received at Villa's headquarters of the death today from typhoid fever of Gen. Torridio Ortega, in Chihuahua city. He was regarded as Villa's favorite commander and the northern soldiers called him the "Honorable Ortega."

Gen. Eugenio A. Benavides, commander of the famous Zaragoza brigade of Villa's division, arrived in Juarez tonight from Chihuahua. He also has typhoid fever. American military authorities have granted an informal request made by the Villa officials to permit Benavides to enter a hospital at El Paso.

Communicates With Washington.

Washington, July 16.—Francisco Carbajal, successor to Gen. Huerta as provisional president of Mexico, today advised the United States formally that he intended to retire in favor of Gen. Carranza, the Constitutionalist chief. Mr. Carbajal wishes only that a general amnesty be proclaimed and protection be given to the property of those who opposed the Constitutionalists.

This statement, together with the announcement from Monterey that Carranza was willing to enter into negotiations with Carbajal relative to the transfer of authority at Mexico City, was regarded here tonight as assuring the restoration of peace in Mexico.

The views of Carbajal were explained to Secretary Bryan today by Jose Castello, former member of the Mexican Senate who had received a personal telegram through the Mexican embassy. It was the first communication between the American government and the Carbajal administration. The message incidentally revealed that Generals Huerta and Blanquet, now en route to Puerto Mexico, are planning to go to Europe. The communication, addressed to Castello, a personal friend of the new president, was dated last night and was as follows:

"I have just taken the oath of office as President of the Republic. Generals Huerta and Blanquet departed tonight for Europe. I desire to make it known with emphasis that my only purpose is to facilitate a solution of the grave problems which weigh upon our country. I have not the slightest ambition for myself and merely wish to terminate the internal conflict of our country. Please give me your impressions of the situation in Washington. FRANCIS CARBAJAL."

Bridging the Gap.

This message, Castello explained, meant that Carbajal had taken office only as a means of bringing the gap from the Huerta regime to the Constitutionalists.

Secretary Bryan told Mr. Castello that while recognition would not be accorded Carbajal the United States was amicably disposed toward him and would applaud his patriotic efforts to bring peace.

Secretary Bryan was highly optimistic in the belief that peace in Mexico at last was in sight. In order to assure a transfer of authority without further bloodshed or disturbance, however, the American government began today to use its good offices with Carranza.

John R. Silliman, personal representative of President Wilson at Saltillo, was instructed to urge upon Carranza the belief of the United States that further fighting was useless on account of the willingness of the Carbajal government to surrender its authority.

Carranza also was urged to give guarantees for the lives and property of those who had supported Huerta. The United States likewise made its position clear with respect to recognition. Under the terms of a protocal signed at Niagara Falls, recognition will be extended to the government resulting from an agreement between the two Mexican factions. Should Carranza consummate an agreement with the commission of three Constitutionalist sympathizers sent from Mexico City by Carbajal to discuss peace with him, the terms of the Niagara Falls protocols will have been fulfilled.

May Withhold Recognition.

If Carranza pushed his way by force into Mexico City the American government will withhold recognition until after an election to see whether the people approve of the new government.

American forces will not be withdrawn from Vera Cruz until every difficulty has been adjusted.

The possibility that Gen. Villa's recent friction with Carranza may break out anew is discussed by officials as the one threatening cloud on the horizon. It is believed the United States would not hesitate to make known to Villa its disapproval of counter revolutions, though State Department offi-

(Continued on Page Eight)

FRATERNIZING WITH MEXICANS RULED OUT

War Department Warns Officers on Border.

Secretary Garrison Fears That Meetings With Mexican Officers on Border Might be Misunderstood by Others.

Washington, July 16. — Secretary Garrison today telegraphed Brigadier General Bliss, commander of the American troops on the border, ordering American officers to refrain from participating in any meetings or conferences with Mexican officers of any faction.

Mr. Garrison wired General Bliss that he had read newspaper reports, saying that an American commander had met a Mexican officer on the international bridge at El Paso. He took occasion in his telegram to point out the danger of misunderstandings that might arise from such meetings.

"No matter what the purpose," said Mr Garrison today, "such meetings would be misinterpreted. Furthermore, I believe it is the duty of the army to leave all dealings with any of the Mexican factions to the agents of the State Department."

The Secretary's action was prompted by a news dispatch from El Paso saying Col. George Bell, Jr., commanding troops at Fort Bliss, had gone to the center of the international bridge while pedestrians were prevented from crossing, and another man, veiled by the darkness, presumably General Villa, was seen moving to the center of the bridge.

Mr. Garrison said he did not believe Col. Bell had conferred with any of the Mexicans, but thought it advisable, nevertheless, to caution all his officers so that meetings of such a character would not occur.

The dispatch caused more anxiety among Constitutionalists here, who have privately asserted their belief that the United States showed more or less sympathy toward General Villa in his quarrel with General Carranza.

Secretary Garrison is determined that army officers shall be in no way drawn into any possible controversy.

Washington, July 16.—Representative Webb, North Carolina, was chosen today to succeed Representative Clayton, recently named Federal judge, as chairman of the judiciary committee.

POPULACE QUIET AT MEXICO CITY

No Demonstrations or Outbreaks Follow Change.

HUERTA IN FULL FLIGHT

Committee Left Capital City on Night Huerta's Resignation Was Accepted, to Confer With Rebels for Peace.

Mexico City, July 16. The long-expected resignation of Victoriano Huerta as President of Mexico, presented to Congress late yesterday, and the succession to the Presidency of Francisco Carbajal have been received quietly by the populace. Except for the demonstration in honor of President Carbajal, when he was leaving the Chamber of Deputies building after taking the oath, no outburst of importance has occurred. There were a few shouts in the streets of "Down with Huerta" and "Viva Carranza," but the police promptly intervened, stopping all such demonstrations.

General Huerta, who remained in the capitol some hours after his resignation, was in flight today, probably on his way to Puerto Mexico, to join his family and friends who left for that port a day earlier. General Aurelieo Blanquet, his minister of war, and strong adherent, went with Huerta when he left the city late last night, as did several other of his close friends.

Before leaving, Huerta went to the National Palace, where he congratulated Carbajal. The latter replied he would do all in his power for the country's benefit. Later President Carbajal conferred with the sub-secretaries of the different departments, all the members of the Huerta cabinet having resigned. The diplomatic corps has arranged to make a formal call on the new President on Friday.

Arrange for Rebel Entry.

A significant incident in connection with the change of government was the announcement that a special committee had left the capital last night for Celeya, to arrange with the Constitutionalist leaders for a peaceful entry into the capital.

The committee consisted of Jesus Huerta, Jose Inez Novels and Enrique Bordes Mangel, former members of the Chamber of Deputies.

Huerta's resignation was accepted by the Senators and the Deputies, after a brief debate, by a vote of 121 to 17. After the acceptance of the resignation Francisco Carbajal immediately was appointed Provisional President and took the oath of office two hours later.

All the newspapers issued extras on the day's events.

The fact that Carbajal is a civilian has contributed to winning for him the sympathies of the Mexican people, who appear to have become tired of a military dictatorship.

Although almost all th troops of the garrison of Mexico City left with Huerta and the members of his family, complete quiet has prevailed here today.

A number of revolutionary troops occupy a position at Tulyuahalco, a village not very far from the capital, but no attempt has been made by them to enter Mexico City, as they have been ordered by the northern leaders to suspend all operations.

ENSIGN RICHARDSON FULLY EXONERATED

"Law of Flight" Was Not Used at Vera Cruz.

Stories Sent Out from Mexican Port by American Newspaper Correspondent Are Found by Court to be False.

Washington, July 16—Rear Admiral Badger reported today that sensational news dispatches sent from Vera Cruz by Fred L. Boalt, an American writer, charging that "the law of flight" had been applied to Mexican prisoners by an American naval officer, had been found without foundation by a court of inquiry. Secretary Daniels directed the investigation, while Secretary Garrison's order for the cancellation of Boalt's correspondent's credentials and his deportation was held in abeyance.

The findings of the court were described in this statement by Acting Secretary Roosevelt, of the Navy Department:

"The Navy Department has received a dispatch from Rear Admiral Badger, stating the investigation of the allegations made by Fred L. Boalt, a newspaper correspondent at Vera Cruz of the Newspaper Enterprise Association, has been concluded.

"The inquiry was exhaustive and examined into every phase of the charges. It showed conclusively that Boalt's statements were false and that under no circumstances or at no time was the so-called law of flight applied at Vera Cruz by the naval forces of the United States. The Acting Secretary of the Navy is highly gratified, but not in the least surprised at the results of the investigation."

The finding exonerates Ensign Wm. A. Richardson, of the battleship Arkansas, who was named by Boalt as authority for his stories.

WILSON IS VICTOR IN BRITISH EYES

Comments of English Press on Recent Events.

TROUBLES NOT OVER

London Papers Predict Little Difference Between Huerta's Rule and That of Carranza—Must Not Expect Too Much.

London, July 16.—The resignation of Gen. Huerta as president of Mexico is regarded as a victory for President Wilson's policy and is welcomed by the British public and officials as a possible solution of the Mexican problem.

A peaceful end to the complex situation is greatly desired here on account of the large British financial interests in Mexico. Most of the London newspapers, however, express doubt as to whether conditions will be any better under Gen. Carranza.

The Pall Mall Gazette points out that if Carbajal surrenders to Carranza "it may soon be possible to exact reparation from Gen. Villa for the murder at Juarez of Benton, the Scottish ranger."

The Evening Standard says: "The Washington administration has won a diplomatic victory. President Wilson has been persistent and patient in his policy of non-recognition of Gen. Huerta, but it is likely enough he will be met now by other obstacles just as hard to surmount as was Gen. Huerta's obstinacy."

The Globe takes much the same view, saying: "The elimination of Gen. Huerta is a triumph of sorts for President Wilson. But it may be assumed that his difficulties are by no means over. There is no reason to suppose that the real opinions of the Mexican people will have more opportunity to assert themselves under Carranza than they had under Huerta. The United States, however, has been warned by experience not to inquire too closely nor to expect too much."

FATAL WRECK NEAR NORFOLK EARLY TODAY.

Norfolk, Va., July 17.—Four people were killed and scores injured in a collision between an electric train on the Virginian Passenger & Power Company, and a coal train on the Virginian Railroad, at 12:30 o'clock this morning at Fairmont Crossing, about three miles from Norfolk.

Only one of the dead was identified. In a hat found beside a body was the name Samuel K. Cuthriel.

The electric train loaded with men and women left Ocean View at midnight and would have arrived in Norfolk at 12:45 o'clock. At the Virginian Railroad crossing trainmen say the safety gates were down and a coal train of 70 cars was passing en route to Roanoke. The electric train crashed through the gates and into the freight train.

The electric train made up of two coaches, both of them made of wood, crumpled up after the collision and passengers were hemmed in the wreck and were released only after men from residences near the railroad cut away broken seats and timbers that held them prisoners.

Many of them had broken legs and arms and their heads were bleeding. Women screaming for water could be heard for a great distance, and scores of people residing at Fairmont Park went to the scene with bandages and water.

A young woman apparently 20 years old, died after reaching a hospital.

SAYS OVERMAN WILL ENDORSE JUDGE CLARK

A. L. Brooks, With Walter Clark, Jr., in Washington

Greensboro Lawyer Calls at White House, But President is Ill—Sees Daniels and Bryan—Kitchin for Primary.

(Special Star Telegram.)

Washington, D. C., July 16.—A. L. Brooks, of Greensboro, and Walter Clark, Jr., of Raleigh, were here today, the former for the avowed purpose of advocating the candidacy of Judge Walter Clark for the Supreme Court of the United States, to succeed the late Judge Lurton. While Mr. Clark did not tell the writer he came here in the interest of his father, some of his close friends with whom he talked said that was his mission.

Mr. Brooks called on Secretary of the Navy Daniels and Secretary Bryan. He also held a conference with Senator Overman. Mr. Brooks says the junior Senator will indorse Judge Clark for the high position which he seeks. Mr. Brooks called at the White House, but did not see the President, because of the latter's illness. He will see Mr. Wilson next week, when he believes practically the entire bar

ATLANTA CHOSEN FOR SCHOOL SITE

Methodist University to be Located in That City.

MILLION DOLLAR GIFT

Asa G. Candler, of Atlanta, Will Donate Large Sum to University. Work on Buildings Will Begin Before Winter.

Atlanta, Ga., July 16.—Atlanta was selected as the seat of the university to be established east of the Mississippi river by the Methodist Episcopal Church. This was decided today at a committee meeting of the General Conference of the church to choose a location for the proposed institution. Birmingham and Hendersonville, North Carolina, were contenders for the university.

Announcement by Bishop Warren A. Candler, chairman of the commission, that Atlanta had been selected, was immediately followed by official confirmation that $1,000,000 had been given to the university by Asa G. Candler, of this city, a brother of Bishop Candler.

In announcing the donation, Mr. Candler said that he had determined to make the gift, regardless of the committee's action in selecting the location for the university. In his letter Mr. Candler said he made the donation because he felt an earnest desire to do good "to my fellow man."

It was said today that the university will represent an investment of five million dollars. Work on the buildings will start before next winter.

Bishop Candler has been proposed as the president for the new university.

RAILROAD OFFICERS BADLY HURT IN AUTO ACCIDENT

Six Members of N. & W. Valuation Board Seriously Injured.

Roanoke, Va., July 16.—Six members of the Norfolk & Western valuation board were seriously injured tonight when an automobile collided with a motor car at a road crossing at Luray, Va. The injured are being brought to Roanoke on a special train.

The accident occurred one mile north of Luray, Va.

The injured are H. K. Henderson, Lynchburg; C. P. Osborne, Roanoke; F. T. Garrett, Roanoke; W. W. Dickinson, Marion, Va.; J. C. Wall, Huntington, W. Va.; W. F. Genheimer, Wheelersburg, O., and Mr. H. T. Reinicker, roadmaster, Shenandoah, Va.

The injured arrived in Roanoke at 1:40 this morning and were immediately taken to a local hospital where it was said by the attending surgeons that all were seriously injured.

WOLFSCRAPE VOTES BONDS

To Aid in Building New Railroad Through Duplin

(Special Star Telgram)

Mt Olive, N. C., July 16.— The election held in Wolfscrape township, Duplin county, today to determine whether or not the township should issue bonds to aid in the construction of the Central Carolina railroad resulted in a splendid majority for bonds, the actual vote standing 112 for bonds and 40 against bonds.

Three other townships, Gliston, Smiths and Limestone, will hold similar elections in August.

FRIENDS OF JONES IN SENATE ARE FIGHTING

Vote Will Not Be Taken For Several Days

Majority Report of Banking Committee is Ready But Being Held Until Minority Report is Completed.

Washington, July 16.—Administration Senators urging the confirmation of Thomas D. Jones, as a member of the Federal Reserve Board, worked strenuously today to bring into line some of their Democratic colleagues who oppose the President's nominees.

Tonight some of those who have been most active were more hopeful than they were yesterday, and one Senator asserted definitely that Mr. Jones would be confirmed by a majority of two votes. Opposition leaders still insisted, however, that the banking committee's adverse report would be adopted.

Whatever the outcome, it was made virtually certain there would be no vote for several days, administration Senators being determined to hold the vote off while they endeavor to win over support.

Senator Hitchcock, acting chairman of the banking committee, who leads the opponents of Mr. Jones, said he was ready for a vote at any time.

The nomination of Paul M. Warburg still rests in committee. Mr. Warburg, through Representative Oglesby, of New York, is said to have assured the banking committee his refusal to appear before the committee, resulted from a misunderstanding as to why he was asked to appear. Plans are said to be working whereby the case may be adjusted so the committee may proceed with its investigation.

Publication of the majority report in the Jones case was deferred again today because the report of the minority favoring the confirmation was not ready. It will be completed tomorrow.

JUDGE BOND RULES IN FAVOR OF S. A. L.

Against State and N. C. Anti-Saloon League.

IN NOTABLE TEST CASE

Involves Right of Railroads to Refuse to Submit Books on Liquor Deliveries to Inspection by Public Generally—Appeal

(Special Star Telegram)

Raleigh, N. C., July 16.—Judge. W. M. Bond, in Wake Superior court this afternoon, ruled in favor of the Seaboard Air Line Railway Company and against the State and the North Carolina Anti-Saloon League in the noted case of State vs. Seaboard Air Line, involving the right of railroad companies to refuse to submit their books on deliveries of intoxicating liquors to inspection of citizens generally on demand as provided for in the statute providing machinery for the enforcement of the prohibition law.

The Seaboard had been indicted for refusal to allow Superintendent R. L. Davis, of the State Anti-saloon League, to inspect the records of deliveries at the freight depot of the Seaboard here, counsel for the Seaboard contending that to do so would violate regulations for interstate commerce and that these had precedence over State statute.

Judge Bond examined only one witness, Superintendent Davis, of the Anti-Saloon League, and heard the contention of the Seaboard counsel that the company was ready at all times to submit to any examination by a duly accredited officer of the law as to any specific deliveries, but that under the interstate statutes its books could not be opened to citizens generally for any and all sorts of examinations.

There was argument too by former Governor Kitchin, as counsel for the Anti-Saloon League, in which it was insisted that deliveries of whiskies in the State are subject to police regulation and that the Webb-Kenyon act specifically puts those matters under the State regulation and that, therefore, the State statute authorizing such erintendent Davis, of the Anti-Saloon erintendent Davis of the Anti-Saloon League, was well within the rights of the State and not in conflict with the proper construction of the interstate commerce act. However, Judge Bond ruled with the railroad company.

The State and the Anti-Saloon League gave notice of appeal and the case now goes to the Supreme court of the State and will most probably go on up to the United States Supreme Court before the matter is finally settled.

ROCKFISH MERCHANT IS KILLED WITH AN AXE

Fayetteville Negro Makes a Ghastly Discovery

Body of Negro Man, Dead Two Weeks, Found in Suburban Marsh—Prisoner Identified as Mack Brown's Slayer

(Special Star Telegram)

Fayettecille, N. C., July 16.—The county- coroner today held an inquest over the body of J. R. Sholar, a merchant of Rockfish, this county, who was found dead in his store Wednesday afternoon. It was evident that he was slain with an ax, but the tragedy is clouded in mystery and the meagre evidence at the inquest has not yet been made public.

This morning a negro laborer, taking a short cut through a small swamp in the southern suburbs of this city, was assailed by a terrible odor, the scurry of ground animals and the beat of the wings of birds, bats, etc., Upon investigation, he found the body of a man who had been dead about two weeks. The man was a negro about 30 years old and 5 feet 5 inches in height. He was dressed in a blue coat, blue felt hat, grey trousers, and patent leather, low quarters shoes. His skull showed where something had hit him, bursting it for about four inches. The body was probably carried in there and hidden.

Was Arthur Clayton?

Laura Davenport, a negro woman who takes boarders nerby, said his name was Arthur Clayton, and that he had been here only a short time. He had been to her house only once. She had'nt seen him in three weeks.

Coroner McGougan being out of town, Deputy Coroner Floyd B. Souders gathered all the evidence that could be procured and, on account of the condition of the body, ordered it buried there in the thicket, where it was found.

Mack Brown's Murderer?

Wednesday night Sheriff McGeachy arrested at Watkins Mill, a few miles north of Fayetteville, a negro identified as Aaron Dupree, murderer of Mr. Mack Brown on his farm at Dundarach last December. The prisoner denied being the right party but he is now safely locked in jail.

BRYAN ENDORSES WOMAN SUFFRAGE

Secretary Declares in Favor of "The Cause."

AND GIVES HIS REASONS

Would Ask No Political Rights for Himself That He Is Not Willing to Grant His Wife—Moulder of Environments

Washington, July 16.—Secretary Bryan, in a formal statement issued tonight, came out for woman suffrage. He declared that he would ask no political rights for himself that he was unwilling to grant his wife, and announced his intention of supporting the proposed State constitutional amendment extending the franchise to women to be voted upon in Nebraska next November.

Woman, Mr. Bryan said, had proved herself equal to every responsibility imposed upon her, and would not fail society in this emergency. Above all other arguments in favor of giving her the ballot he placed the right of the mothers to a voice in the moulding of the environment of her children "The mother" the Secretary said, "can justly claim the right to employ every weapon which can be made effective for the protection of those whose interests she guards, and the ballot will put within her reach all of the instrumentalities of government, including the police power."

Mr. Bryan's Statement

The statement follows, in port:

"The voters of Nebraska will, at the election next November, adopt or reject a proposed amendment extending suffrage to women on equal terms with men. As a citizen of that State it will be my duty to participate in the decision to be rendered at the polls. I have delayed expressing an opinion on this subject, partly because I have been seeking information, and partly because my time has been occupied with national questions upon which the entire country was acting; but now that the issue is presented in my State I take my position. I shall support the amendment. I shall ask no political rights for myself that I am not willing to grant to my wife.

"As man and woman are co-tenants of the earth and must work out their destiny together, the presumption is on the side of equality of treatment in all that pertains to their joint life and its opportunities. The burden of proof is on those who claim for one an advantage over the other in determining the conditions under which both shall live. This claim has not been established in the matter of suffrage, on the contrary, the objections raised to woman suffrage appear to me to be invalid while the arguments advanced in support of the proposition are, in my judgment, convincing.

Would Object to War

"The first objection which I remember to have heard was that as woman cannot bear arms she should not have a voice in deciding questions that might lead to war, or in enacting laws that might require an army for their enforcement; This argument is seldom offered now, for the reason that as civilization advances laws are obeyed because they are an expression of the public opinion, not merely because they have powder and lead behind them. And as we look back over the past, we may well wonder whether the peace movement would not have grown more rapidly than it has, had woman, who suffers more than man from the results of war, been consulted before hostilities began.

"Second; It is urged by some that woman's life is already full of care and that the addition of suffrage would either overburden her or turn her attention away from the duties of the home. The answer made to this is that the exercise of the franchise might result in a change of thought and occupation that would relieve the monotony of woman's work and give restful variety to her activities. And surely the home will not suffer if the mother, 'the child's first teacher' is able to intelligently discuss with her family the science of government and the art of successfully administering it.

Will Not Lessen Respect

"Third. Many well meaning men and women affirm that suffrage would work a harm to woman by lessening the respect in which she is held; This argument would have more weight had it not been employed against every proposition advanced in favor the enlargement of woman's sphere;

"These objections, however, honestly advanced, have proven impotent to retard woman's progress. May not the fears sincerely entertained by the opponents of woman's suffrage, be found to be as groundless as those that once forced the widow in Eastern India to ascend the funeral, pyre or as those that now exclude Mohammedan women from the social benefits and responsibilities which the women of the Christian world share?"

RALEIGH NEWSPAPER MAN TO CROSS THE ATLANTIC.

Tom Best to Interview Bernard Shaw and Emmeline Pankhurst.

Raleigh, N. C., July 16.—Mr. W. Thomas Bost, city editor of the News and Observer, will sail from Hoboken, N. J., early next Tuesday morning on the Kaiser Wilhelm der Grosse, North German Lloyd Line, for Europe. He will leave Raleigh Sunday night and will arrive at Bremen, Germany, according to schedule, on July 28th. He will then proceed through Germany, France and England.

Mr. Bost, who is recognized as one of the best on heavy reportorial assignments in the State, declares he will interview Emmeline Pankhurst and meet Bernard Shaw, of whom he is right much of an admirer.

CURRELL ELECTED HEAD OF UNIVERSITY OF S. C.

Washington and Lee Professor to Fill Vacancy Left by Dr. Mitchell.

Columbia, S. C., July 16.—William Spencer Currell, professor of English at Washington and Lee University, was elected president of the University of South Carolina at a meeting of the university trustees today. Dr. Currell already has signified his willingness to accept the place, which was left vacant one year ago by the resignation of Dr. S. C. Mitchell, formerly president of the Medical College of Virginia, now president of Delaware College.

JOE BOEHLING

Red McGhee says:

They've called Clark Griffith "Grif the Fox" since those days when he worked the box for New York's early Yanks. An' he's fox yet, though Washington is payin' him as boss to run its baseball tossin' ranks. I mention Grif 'cause he's the guy whose ever-foxey choosin' eye saw Young Joe Boehling's worth. The southpaw rookie Griff first saw was fresh an' green an' just as raw as good ol' Mother Earth.

Joe came on fast—Grif showed the way an' tutored him from day to day in all his ol' fox stunts. Last year the youngster got his turn. He cut loose speed an' curves to burn an' never faltered once. He went a fifty-fifty gait with speedy Johnson, his team mate—hung up his share of wins. He did his little job up brown an' mowed the league's best clouters down like they was bowlin' pins.

This year when Johnson slumped a bit the south armed youth stepped out an' hit the bullseye one more tap. He kept the Senators in the stride till Walter's losin' hoodoo died—Joe filled a great big gap. The kid's a bear, there's no two ways. He's earned a great big heap o' praise an' oughta have it all. So when you're toutin' Johnson, bo, just slip a good word in for Joe—he's also pitchin' ball.

FEDERAL LEAGUE SCORES FIRST BIG LEGAL VICTORY

Ten-Day Clause Held "Null and Void."

AFFECTS MANY DISPUTES

Sweeping Decision by Appellate Court Means Acquisition of Many Stars Say Federal Officials

Chicago, July 16.—The Federal league obtained its first big legal victory over organized ball today when the Appelate Court held the ten days clause in the ball players contract "null and void."

The ruling reversed a superior court decision enjoining pitcher George M. Johnson, the Winnebago Indian, from playing with the Kansas City Federals.

The injunction issued by Judge Foell in the Superior Court and served on Johnson while he was participating in the game here, was granted at the request of the Cincinnatti Nationals, whose ranks Johnson left to join the Federals.

Federal League officials here declared the decision would result in additions to their playing corps of dozens of stars. At the same time it is said the ruling gives ball players a great leverage in making demands from the clubs.

Counsel for the Cincinnatti club say that Judge Foell's injunction still technically stands. They have ten days in which to file a petition for a rehearing in the appellate court and meanwhile Johnson cannot play with the Federals they say. The decision of Judge Foell may yet be sustained, according to counsel.

Affects Chase Case

Kansas City, July 16.—C. C. Maddison, president of the Kansas City baseball club, today declared the decision in the case of George M. Johnson would mean that the suit to keep Hal Chase and player Marsans from the Federal League probably would be decided in favor of the Federals.

Johnson has been on the bench since the decision against him was rendered by Judge Foell. Maddison said he probably would get into the game tomorrow.

Hermann, Will Appeal

Cincinnatti, O. July 16—President August Hermann, of the Cincinnatti baseball club, with which Johnson was connected before joining the Kansas City Federal team, when told of the Appelate Court's decision in Chicago said:

"Of course, we will appeal to the higher court immediately".

AMERICAN FORFEITS BOUT TO FRENCHMAN

Carpentier Given Decision Over Gunboat Smith.

Latter is Disqualified for Hitting Frenchman After He Had Slipped and Fallen in Sixth Round. Protests Decision.

London, July 16.—Georges Carpentier, the French heavyweight champion, tonight was awarded the decision over Gunboat Smith, the American pugilist, in the sixth round of a scheduled 20-round contest. Smith was disqualified for hitting the French boxer when the latter slipped and fell.

Round 1.—Both men shook hands at 10 o'clock. Smith got two jabs to the Frenchman's body. In the first clinch, which followed soon, Carpentier gave Smith a hard short hand drive on the cheek with his left. Both dodged right handers. Smith gave the Frenchman a hard one on the face with the right. A right and left body blow in infighting were Smith's offering. Smith's blows were harder than the Frenchman's whose footwork had not been in evidence.

Round 2—Carpentier took the aggressive, but made no impression on Smith. Each again ducked hard rights from the other. Smith landed on the kidneys with right in a clinch. Carpentier landed a left on the jaw. Carpentier sent a fast right to the face. Carpentier was playing for the body at short range when the round ended. His lightning quickness was beginning to count.

Round 3.—The referee warned Smith for fouling. Carpentier landed a left on the face. Smith got in two body blows at close range. Carpentier barely missed a clever left which slid off his cheek. This round was mostly clinching.

Round 4—Smith missed a left swing to the face. Carpentier reached Smith's face with a left, and repeated a similar operation a moment later. Smith again missed a body blow with his right. Smith was knocked down with a right on the kidney. Smith took six seconds and was rising when the bell rang. Carpentier's speed seemed to be giving him the best of it.

Round 5—Carpentier led with his left and exchanged short right arm blows on the neck. Smith hooked a right hander and clinched. Carpentier gave him two short arm jabs on the cheek. They then mixed it furiously, playing for the face with right. Smith got a trifle the worst of it. Smith landed with a right to the face which jarred the Frenchman. Honors were about even in this round.

Round 6—Carpentier slipped when trying to land a hard right hander. Before the Frenchman arose Smith struck him on the face.

Smith was disqualified for hitting Carpentier when he was down.

Carpentier held his head, apparently in great pain, though it seems Smith's blow hardly reached him. The Frenchman's seconds took him to his corner, while the crowd hooted loudly.

The referee decided Carpentier had won. Smith remained in the ring. He and hsi seconds protested against the decision.

When Smith left the ring after some seconds, the crowd jeered and hooted him.

Then the Frenchman came to the ropes and received a great ovation as he pointed to his eye and forehead, indicating that Smith had hit him there.

CANTALOUPE SHIPPING NOW IN FULL BLAST.

10,000 to 12,000 Crates Forwarded from Mt. Olive at $1 a Crate.

(Special Star Correspondence.)

Mt. Olive, N. C., July 15.—The shipping of cantaloupes here is in full blast now. It is roughly estimated that about 10,000 or 12,000 crates have so far been shipped, at an average price of about $1 per crate, which is considered very good; and it is not thought that the crop is more than half gathered yet. The good prices for which they have sold this season is due in part to the splendid flavor they have this year, a quality due mostly to the dry season. Rainy seasons cause the melons to be very watery, of course, and of a very poor quality. The yield per acre this year is also very good.

There is also quite a lot of cucumbers being marketed here this season, about 5,000 or 6,000 crates having been shipped up to this time. The receipts for these, however, have not been so gratifying as those from cantaloupes—about 30 or 35 cents per crate being the average. The season for these will also continue for another week or two.

Oak Ridge Institute Sixty-third Year

NEW $30,000 ALUMNI BUILDING

SIX buildings, 350 acres in campus, athletic fields, and farm. Steam heat, shower baths, gymnasium. Over 200 boarding students annually for the past thirty years. Armour's Housewives Bulletin

Get the Meaning of *Armour's*

on food labels. It stands for a full half century of leading the way to better, and better, and still better food products. It stands for making each article in each class of products *as good* as it *can be* made. It stands for *service* that reaches right to your door.

For Armour and Company are not away off in Chicago and out of reach. They are living and working and paying taxes right here, ready day or night to *make good* every word said in praise of Armour products. That's why

Armour's Means Assurance of Quality

"The Ham What Am"

The goodness of *Armour's* Star Ham goes right down clear to the bone and that makes a delicious soup. **The last bite is as good as the first slice.** There aren't many Hams that measure up to the Armour quality standard.

Kentucky Baked Ham

Select a medium sized Star ham, scrub thoroughly, place in baking pan. Mix the seasoning—half a teaspoonful each of cloves, cinnamon, dry mustard, celery seed and pepper. Rub this into the surface of the ham and cover with a very thick layer of onion, chopped fine. Cover the whole with a layer of paste made by mixing smoothly a cup of flour with half a cup of water. Roll this paste thin and wrap closely about ham. Fill the pan with boiled cider and place in the oven to bake slowly and steadily for five hours basting frequently with the cider. Serve it with candied sweet potato and spinach with apple sauce for relish.

The mild distinctive cure gives to each Star Ham a uniform delicate piquancy of flavor that you'll recognize as being distinctively different.

A Star Ham is just the thing with which to tempt the jaded appetite of your family and add a zest to your menu, which is so difficult of selection at this season of the year.

A Summer Snack

For a picnic or a little piquant snack upon the veranda *Armour's* Star Summer Sausage opens up a field of delicious possibilities.

Next time you're serving sandwiches use the delicately spiced Star Summer Sausage or the Star German Salami which is a bit snappier.

Be sure it's *Armour's* Star and then you'll have perfect quality and flavor.

Luscious Shortcake

A perfect shortcake requires perfect shortening. The perfect shortening is *Armour's* "Simon Pure" Leaf Lard.

You'll find that in spite of its perfect quality it's the most economical you have ever used—a little goes a long way.

Nothing but **pure leaf—the finest lard fat**—that's the reason for "Simon Pure" 100% quality. Then the slow old fashioned way it's rendered makes its goodness certain. **The U. S. Government Inspection of every pail** just safeguards the *Armour* care for quality with absolute purity.

2 cups flour — 4 teaspoons baking powder
1 teaspoon salt — 2 teaspoons sugar
¼ cup milk — ¼ cup "Simon Pure" Leaf Lard

Mix dry ingredients, sift twice, work in the "Simon Pure" leaf lard (using the tips of the fingers, lightly) and add the milk gradually. Toss on a floured board and divide into two parts. Pat, roll out and bake fifteen minutes in a hot oven, in round layercake tins. Split and spread with butter. Sweeten ripe fruit to taste and set on back of stove to warm slightly. Crush slightly and put between and on top of cake. Serve with cream, or cream sauce.

The Ideal Summer Drink

The delicate flavor of the pure, undiluted juice of finest, fresh picked, fresh pressed Concord grapes is the reason for the superior goodness of *Armour's* Grape Juice. Served on the porch during sultry evenings, *Armour's* Grape Juice goes a good way towards making any little gathering more pleasant.

Armour's Grape Mint Cup

Arrange sprigs of mint around [illegible] tips of tall glasses; fill the glass [illegible] full of cracked ice. Add to one qu[illegible] Armour's Grape Juice the juice of two lemons [illegible] sugar to sweeten. Fill the glasses an[illegible] with ice.

ARMOUR AND COMPANY
WILMINGTON, N. C.

STATE PRISON FARM IN MOVING PICTURES

Never Saw Such Fine Crops Says Varner.

Board of Directors Holds Meeting at 7,500 Acre Farm—Rainfall Causes $10,000 Loss at Central Hospital Farm.

(Special Star Correspondence.)

Raleigh, N. C., July 16.—Chairman H. B. Varner, of the State's prison board of directors, was here today arranging for a series of moving pictures to be taken of the splendid 7,500-acre State farm in Halifax county, on Roanoke river, with a view to giving to the people of the State without any cost to the prison management or the State, through the moving picture shows, some idea of what splendid proportions that farm has assumed.

Just back from the farm, Chairman Varner says he never in all his life saw such fine crops. There are 1,500 acres in peanuts, 1,500 acres in cotton, 1,500 acres in corn, and large areas in soja beans, cow peas, alfalfa and clover, 5,000 acres in all being under cultivation. There are nine miles of dykes that protect these crops from river overflows.

There are about 300 convicts on the farm, the majority of them being defectives physically that are not fit for service out on the public works contracts. Mr. Varner says that two fine farm mules were killed and another seriously injured Monday afternoon in a severe electric storm, being struck by lightning.

Chairman Varner and members of the board of directors held their regular July meeting at the farm yesterday, those attending being Chairman Varner, N. E. Edgerton, Selma; R. H. Buckingham, Fayetteville, and Superintendent of Prison J. S. Mann, Raleigh.

Central Hospital's Loss $10,000.

Dr. Albert Anderson, superintendent of the Central Hospital for the insane here, estimates the loss entailed upon the institution through the terrific rainfall of Tuesday afternoon at not less than $10,000, most of it being damage to growing crops and to the grounds and farm lands of the institution. He believes that the hospital grounds and farm were the real center of the storm. Dr. Anderson says the hospital never had finer crop prospects than at the time this storm broke over the place and that the rainfall amounted almost to a water spout and just simply devastated the crops generally.

Craig Speaks In Virginia.

Governor Craig has accepted an invitation to attend the Mecklenburg, Va., County Fair at Chase City, during the last week in September, the plan being for Governor Stuart, of Virginia, and Governor Craig, of North Carolina, to speak from the same platform on the same day in connection with the fair, this to be on September 30th. Governor Craig told a delegation from Chase City today that he will gladly join Governor Stuart there at that time. In the delegation here were Mayor W. H. Jeffreys, Jr., of Chase City; T. E. Roberson, president of the fair association, and C. E. Grogehan, general manager of the fair.

Judge Clark for Supreme Court

Governor Craig and the Council of State forwareded to President Wilson a letter strongly urging upon the President that he appoint Chief Justice Walter Clark, of the State Supreme Court on the United States Supreme Court bench to succeed the late Justice Horace H. Lurton. Also the Raleigh Bar Association adopted strong resolutions offering Chief Justice Clark for the place urging that President Wilson appoint him. The letter sent by Governor Craig and the Council of State is signed by the Governor, Secretary of State J. Bryan Grimes, State Auditor W. P. Wood, State Treasurer B. R. Lacy, Superintendent of Public Instruction, J. Y. Joyner and Attorney General T. W. Bickett. It is as follows:

"We desire to invite your attention to the preeminent fitness of Judge Walter Clark, Chief Justice of the Supreme court of North Carolina, for the position of Justice of the Supreme court of the United States as the successor of Justice Horace H. Lurton.

"Judge Clark was on the superior court bench of North Carolina for several years and has been on the Supreme court bench for twenty-five years, twelve of which he has been Chief Justice. His reputation as a profound lawyer and able jurist is nation-wide and his elevation to the Supreme Court of the United States would add lustre to that distinguished court. The appointment would also give recognition to this State on that bench for the first time in a hundred years, since the days of James Iredell and Alfred Moore.

"A scholorly writer of law books, Judge Clark is also well known as the autor, editor and translator of many historical publications and is one of the most erudite, versatile and prolific writers in the South.

"His appointment would be peculiarly pleasing to all North Carolinians as we would be gratified to see this great jurist and writer succeed Judge Lurton."

CLINTON'S WATER SUPPLY.

Three Deep Wells Bored—Trouble Relieved—Vaccination.

Clinton, N. C., July 16.—At last Clinton's water supply seems assured. Mr. Carr has bored three wells at different depths, and unofficial tests show that each well supplies between fifty and sixty gallons per minute continuous pumping. The engineer has been wired for to come and make official tests, and as soon as this is done it is expected that the mayor and commissioners will advertise for bids to put in waterworks and sewerage. The town voted the bonds for water and sewerage about three years ago, and trouble in getting water from wells have delayed matters. The bonds were sold several months ago, and the money is in hand.

There has been considerable scattering cases of smallpox among the negroes and a few white families who caught it from them, and yesterday the Board of Aldermen passed a compulsory vaccination ordinance requiring everybody who has not been successfully vaccinated for smallpox in the last three years to be vaccinated within ten days. This measure is expected to stamp it out, so that the town and school will not be bothered this winter.

CAROLINA COACHES BEST IN THE SOUTH

All Three Are Former Princetonians.

Head Coach "Doggie" Trenchard, Logan Cunningham, and Arthur Bluethenthal, of Wilmington, on the Job.

(Special Star Correspondence.)

Chapel Hill, N. C., July 16.—The University of North Carolina will have the best staff of football coaches next fall of any college in the South. The staff will consist of Head Coach "Doggie" Trenchard, Logan Cunningham and Arthur Bluethenthal. All these men are Princeton players with National reputations. Besides these men will be the loyal band of alumni who return annually to render valuable service. All three regular coaches have had previous experience as coaches.

"Doggie" is considered one of the best ends that Princeton ever had. He has a record that equals the more modern one of McWhorter, of Georgia. He played for three years without missing a day's practice or play on account of injuries and that in spite of the fact that he was one of the lightest men that ever played an end for the Tigers. He will coach the ends and supervise the who

Cunningham was backfield man for the seasons of '09 and '10 and baseball pitcher for the same years. Princeton showed what she thought of him by making him head football coach for the years 1911-12. He was a big factor in the wonderful 1911 championship team of Princeton. Carolina is fortunate to get such a man.

Chapel Hill had a taste of Bluethenthal last season and liked it. He played center for 1910-11-12 at Princeton and coached there last year with the exception of about three weeks that he spent with the Carolina team. He was head line coach at Princeton last year. "Blue" is a Wilmington boy.

Cunningham will coach the backs on offense and Bluethenthal will attend to the offense work of the line. Head Coach Trenchard will give especial attention to the defense work of the whole team.

The Princeton system will be used this year as last, so that no progress will be lost. The principal trouble with Carolina athletics in the past few years, in the opinion of Mr. Trenchard, is that there has been no definite system of any kind. He criticizes severely the custom of changing coaches each year. He believes that it will be possible this year to begin practically where he left off last year. This looks probable when one remembers that nine of the first team will be in college this morning fall and also a large number of the second string men.

Active work on a 1914 football team will begin on August 1st, when a large number of candidates will report at summer training camp, located at Lake Kanuga, near Hendersonville, N. C. Twenty men have agreed to report on the first day and ten or more will come in during the following weeks. The work will be largely drill in the fundamentals and such exercise as will get the men in the best possible condition. Arrangements have been made also to coach men who are deficient in their studies.

THEATRICAL

Friday is generally what is termed an "off day" in motion picture theatres the best being generally reserved for the big Saturday crowds, which will present a total of five reels of brand new movies, three single reel subjects and one two reel feature photo-drama.

Heading the bill is the second installment of "The Adventures of Shorty", in two reels. This installment is entitled "Shorty's Strategy", and is one of the most thrilling photoplays ever staged. It's a wild western story, through the entire series, and the adventures come thick tnd aplenty, making one of the most thrilling of thrillers.

Then there is another big drama feature in "The Navy Aviator', a brand new release that takes the audience up in the clouds with one of Uncle Sam's air birds. It's a thrilling story, as well as a valuable educational subject, and will make a distinct hit at the Bijou today.

The third big drama of the day is "The House Discordant", a brand new Rex release in a full reel. It also, is one of the most interesting of photodramas.

The comedy end is also exceptionally well supported today, with another one of those big Sterling screams, 'The Crash", featuring that peerless screen favorite, Ford Sterling. Five reels, five cents—that's value giving.

At the Grand Today.

The Grand Theatre is not only magnetic by reason of the big shows that it presents, the biggest of all, but it is charming on account of its solid comfort, the theatre being electrically chilled and freely ventilated. Then it offers an additional feature in the playing of Miss Framan, the brilliant Wurlitzer orchestra artist.

Heading today's great show is the sensation of the times; a real thriller, yet one of great wholesomeness. It is "The Bottled Spider," in two parts, and is Kalem's most pretentious and swellest effort in film creation. It is the story of a Western desperado, who robs and then abducts the sheriff's wife. At bay he uses the wife as a shield, until an Indian creeps up behind him and then ensues the most spectacular feature of any film, a hand-to-hand struggle on a high cliff. A big cast appears in the story, including Princess Mona Darkfeather, Rex Downs and Charles Bartlett.

Following the great laugh films of yesterday, clever Wallie Van and charming Lillian Walker will be seen again today in a burst of merriment, the Vitagraph's "The Boys of the I. O. U." There's another superb film on today in "Dawn," a story of a hermit and the people of the mountains.

Millions of people, all over the country, drink this coffee

East and West, North and South, millions of people drink Arbuckles' Coffee. Thousands of families have used it for fifteen, twenty-five—even forty years.

In fact, more people drink Arbuckles' than all other packaged coffees put together.

This is because its rich, delicious flavor pleases them best; because it is a pure, honest coffee, 16 ounces to the pound and always reliable; because it comes to them fresh and fragrant, in the specially treated, sanitary packages, which keep the strength and flavor *in*, and moisture and store odors *out*.

THE MORNING STAR

Published by the
WILMINGTON STAR COMPANY, INC.,
Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily and mailed to subscribers outside the city at $6 per year; $3 for six months; $1.50 for three months; 50 cents for one month, or served by carrier in the city at 60c. per month, or, when paid in advance: $7.00 per year; $3.50 for six months; $1.75 for three months.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate and like matter will be charged at the rate of 10 cents per line, to persons carrying a regular account, or, if paid cash in advance a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, excursions, society meetings, political meetings, etc., will be charged under the same conditions, except so much thereof as may be of news value to the readers of the paper, in the discretion of the editors.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and, if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

ALL DRAFTS, checks, express money orders and postal money orders for the paper should be made payable, and all communications should be addressed, to
THE WILMINGTON STAR CO

Friday Morning July 17. 1914.

Everything is coming Wilson's winning way.

What happened to Jones is Warburg's finish—maybe.

The Hon. John Lind doesn't have to nurse any fractured larynx.

Don't dig intne ashes of the past, There's nothing in it but cinders, grit and grime.

Huerta nas been eliminated but the tango is still doing business at the same old stand.

Among the things that cheer are the general reports about good crops in North Carolina.

The batting average of the calamity howler has placed him at the foot of the bush-league teams.

Says the Richmond Journal: "All see good times ahead." Then it is up to everybody to go right ahead.

When a high finance scheme turns out wrong the ledger shows that what was financed has to take care of itself.

When President Wilson takes a position he thinks it is good enough to keep. He salts it down and never lets it spoil on his hands.

Does anybody want to argue with Col. Bryan about the amount due Colombia in the game of freeze-out played with her about 1906?

The "outs" are in favor of rotation in office. The rotater is a politician who thinks officeholders should not hold the offices all the time.

A lot of people look to the tariff for prosperity. It is the farmers for us, and they never fail to deliver the goods when the crops are good.

A suffragette says "a woman should do whatever a man can do." However, that is impossible. No woman could ever hope to marry a widow with five children.

George Fred Williams was appointed as a diplomat but just as soon as he got to Greece he began to waste his time on matters of intrigue, as it looks to the powers.

Among the ups and downs of life one of the hardest ups a young man ever has is to have to get up and go when he sees his company is not acceptable so's he'd notice it.

In view of the fact that Big Business has never yet been able to prove an alibi, the people consider the source when Big Business warns them against President Wilson.

The Mexican dictator puts the blame on President Wilson for his overthrow. While looking around for the person who rocked his boat Huerta entirely overlooks himself.

The Old Indian resigned before we could resume our insistence about his firing a salute to the flag. Really, one of the things for us to quit right now is demanding salutes to the flag. We now have on hand one such demand that is a drug on the market.

Says the Washington Herald: "Some of the Progressives claim that it is a choice between Roosevelt and Sulzer in New York. Aren't you glad you don't live in New York?" At the same time, those Progressives who say Sulzer is in it with the Colonel will be regarded as liars.

When President Mellen, of the New York, New Haven & Hartford road, used to put a motion to the board of directors, J. Pierpont Morgan nodded and the motion was declared as adopted. What happened to the road, shows that a wink would have been more appropriate than a nod.

Representative Mann, of Illinois, who has been mentioned as a possibility for the Republican nomination for President, is Republican leader in the House. It is not known whether or not his chances for the nomination are good, but we will be enabled to judge that they are just as soon as Colonel Roosevelt comes out with a statement that Mann is not big enough for a man's job.

WOOLWORTH STORES FOR THE SOUTH

Recently The Star published a rumor that the F. W. Woolworth Company, of New York, would establish one of its five and ten cent stores in Wilmington if a suitable building could be secured, but as no location is at present obtainable, the company will have to wait for a vacancy, else construct its own building, as has been rumored it would do. It has been stated that one of the city's largest Front street buildings might be available in a year and a half or two years, but it is not settled that the Woolworth people have definitely decided to establish a branch in Wilmington. However, it is more than likely, for the company recently announced that it had decided to locate one of its stores in each of the principal cities of the South.

It has even been rumored that if the company could not secure the location in contemplation, it would erect the finest building Wilmington has in this era of fine business structures. It is hoped the building part of the rumor is true, for there has been no time in the city's history when the pressure for first class store rooms has been so great. Two business newcomers, soon to arrive, had to take the best that could be had, while both were enxious to get as handsome store rooms as possible. With an actual scarcity of business structures, there is now a demand that either local or outside capital has a fine opportunity to fill.

While Wilmington is not to have a Woolworth store just yet, Charlotte is to have one immediately. In fact, the F. W. Woolworth Company will open a five and ten cent store in the Queen City tomorrow. The "opening" is announced in a big advertisement in yesterday's Observer. It is advertised that the highest price of any article will be ten cents, just as is the custom in all the Woolworth stores.

The company now has 700 branch stores in the United States and it is rapidly increasing that number by opening establishments down South. The Woolworth opening in Charlotte tomorrow is to be a notable event, and it is useless to predict that thousands of people will attend. A fine band will furnish music for the occasion. The Observer says that "the coming of the firm to Charlotte means something to the community and the management of the concern is altogether pleased with the prospect of at once establishing a growing business." We have no doubt of that, and we quite agree with the Observer when it says: "The city's growth along all lines within recent years has justified the coming of the Woolworth officials to this city, and they expect to grow along with the Queen City in the future."

Indeed, the South furnishes a fine field for the Woolworth Company, and the fact that it is branching out down this way is a sure sign that the rapid development of the South is such as to assure the largest undertakings in the future, The remarkable growth of the South up to this time will be but a circumstance to what is just ahead of this favored part of the country.

ONE MAN POWER GETS THE AXE.

Huerta is down and out. The Star's press dispatches yesterday recorded the fact that the Mexican dictator has at last yielded to the inevitable. He resigned on Wednesday. The Mexican Congress accepted his resignation and elected Senor Francisco Carbajal as provisional President in his stead.

One man power has received one more blow. It ought to have a blow coming to it all over the world. We hope the man with imperious ideas will always be up against it. All usurpers ought to get it right where the chicken got the axe. The man who has a contempt for constitutional restraints, who seizes power, who takes unwarranted authority upon himself, is a foe to human liberty. He ought to have his comb clipped, and that is what he generally gets before he winds up his little ball of yarn.

The world looks upon Mexico as a more or less benighted country, but her people have proven to the world that they do not propose to tolerate usurpation and one man power. They have risen up and put it out of business with a deluge of blood. They love liberty. They fought for it. They have won. Mexican men who are imbued with the God-given principle of human liberty, and who are committed to government limited by constitutional bounds, took arms in their hands and battled for their convictions and fought to the death for their rights.

The Constitutionalists have turned one more usurper's face to the wall. They have achieved the conquest of the iron-handed Huerta who took advantage of his military predominancy to set himself up over Mexico as its ruler. His dictatorial sway lasted 17 months, but he has hauled in his horns with the lovers of liberty pressing onward to completely crush the insolent dictatorship which he had the temerity to set up over them. They wouldn't stand for it. Men of convictions and nerve took the lead and they have led onward to a magnificent triumph.

Huerta threw up the sponge begrudgingly. In the formal article of resignation tendered by him to the Mexican Congress he blames his downfall on the United States. He does not conceal his relentless bitterness towards this country. He refuses to give credit to the Constitutionalists for the victory. He gives it to President Wilson and the Democratic administration at Washington. Republican jackals who have hounded Wilson's Mexican policy will please stick a coupling pin here. However, they will claim that the victory was that of the Constitutionalists.

So it was. Wilson's Mexican policy let them win. The Washington administration did not lend a hand to the Constitutionalists. It allowed them a chance to win their own triumph. They were willing to spill their blood for it, but the Democratic President of the United States sought to staunch the flow of Mexican blood on both sides and thereby proved himself a friend to all Mexicans. He succeeded in a way, but his greatest success was to restrain the American people from meddling in the affairs of a sister Republic, in which the American people have no sovereignty and no right of interference, any more than Great Britain has in our own great American Republic.

Wilson did not intervene. He tendered sympathy and mediation. He refrained from sending American armies to Mexico to keep the Mexican people from managing their own affairs or fighting it out among themselves. That was their right more than it was our business. The Washington administration could not lend its moral assistance to the dictator by recognizing the Huerta government. It did not intervene and prevent the Constitutionalists from crushing their own dictator. Wilson's lofty aim was to secure the pacification of Mexico with the consent and co-operation of her own people and his whole attitude was one of complete recognition of the right of the Mexicans to settle their own affairs without domination by the armed hosts of the United States.

The Constitutionalists have waged a fight for the rule of the people under a Democratic-Republican form of government. Evidently they have the people with them, for they have the most men with the most guns. That is what the dictator was up against, and that is what the great Napoleon declared to be the deciding factor in battles. Huerta need not, therefore, give Wilson the credit for his downfall. The American opponents of Wilson will dispute the point with the Old Indian and deny that Wilson had a thing to do with it.

Nevertheless, Wilson will get the credit and be honored by the American people because "watchful waiting" has resulted in the overthrow of the usurper by the sacrifice of Mexican lives instead of the sacrifice of American lives and treasure. It is up to Carbajal and Carranza to bring about peace and unity among the people of Mexico so they can reap the fruits of victory for constitutional government.

JUDGE CLARK FOR THE SUPREME COURT

The death of Associate Justice Lurton, of the Supreme Court of the United States, having left a vacancy in that tribunal, the name of Chief Justice Walter Clark, of the North Carolina Supreme Court, is being prominently mentioned for the associate justiceship at Washington. Associate Justice Lurton was a Southern man and it is being urged that his successor should come from the South.

Several newspapers in North Carolina have advocated the appointment of Judge Clark and his name has been submitted to the President. The North Carolina Council of State, consisting of Governor Craig and other State officials, has addressed a letter to the President urging North Carolina's able Chief Justice for Justice Lurton's successor. The Cumberland county bar, at a meeting held at Fayetteville on Wednesday, also adopted resolutions favoring Judge Clark's, appointment, and we infer that all this means that a movement is on foot to get practically all the State behind our distonguished Chief Justice.

It has been mentioned in The Star's Washington correspondence that Judge Henry G. Connor, of the United States District Court of Eastern North Carolina, is considered an eligible, but we have not heard anything concerning Judge Conner's desire in the matter. Certainly no State has two stronger men for the Supreme Court at Washington and President Wilson would make no mistake in the appointment of either. Both the North Carolina judges are trained jurists and each is a man accomplished and able and well worthy of a seat on the bench of the Nation's greatest court. We presume the efforts of their friends will be concentrated on one or the other, and certainly that will have to be the case if North Carolina gets the Associate Justiceship.

FLYLESS GREENSBORO

Greensboro is getting a great deal of favorable publicity because that progressive city has waged such a wonderfully successful campaign against the typhoid fly that it has practically ridden itself of those dangerous pests which have a strong disposition toward domesticity. We have noted many newspaper articles commenting upon Greensboro's remarkable achievement in exterminating flies, and Wilmington's estimable citizen, Mr. W. M. Cumming, writes us a note in which he vouches for the truth about Greensboro's being a flyless town.

"Greensboro, "Mr. Cumming writes, "is almost, if not absolutely flyless. I have been there. Wilmington can be but is not." Nevertheless, Wilmington should be, and it is hoped the people of this city will not rest till the house pest is exterminated. It has been demonstrated that it can be done. Efforts in Wilmington have met with fine success, we can testify from personal experience. However, a few cannot do the work here that has been done in Greensboro. All the people must unite in a determined, systematic campaign to put the fly out of business.

The fly exists only where people are and the fact that the breed multiplies into the billion is entirely due to people. At any rate, they have the remedy to prevent it if they will unite on it.

The only worthwhile knocker is the one who knocks the ball over the fence and increases the population at the home plate. He knocks the ball for his team. He never knocks the team with which he is pulling in order to get up to the top. The right kind of a kicker is the man who kicks goal for his city.

Republicans admit that the country has fine crops and that there will be prosperity, but they are afraid that even prosperity could not be enjoyed under anything like a Democratic administration at Washington. Every time the Republicans pick out something to howl about it quits them and goes over to Wilson.

The facts in al., the cases which have been on trial show that "the interests" may as well have pleaded guilty and asked for the mercy of the court. Those who back the interests against President Wilson, are making a futile appeal to a wise and experienced people.

CURRENT COMMENT.

Strewn in artistic array along the sands of Wrightsville beach are countless dead soldiers, and each of them tells a story of departed heroes. —Asheville Citizen.

Asheville is honored today in the presence of Mrs. Lasalle Pickett, widow of the south's beloved general who wrote the story of Gettysburg in letters of fire.—Asheville Citizen, July 15.

Greenville Piedmont: "One North Carolina paper that comes to our table carried four soap advertisements in its Sunday edition. Which shows that the soap men are making desperate efforts to open up new territory." A soap advertisement is regarded as a great curiosity in South Carolina.—Greenboro News.

That must be fearful liquor at Winston that caused a man to chop another's head off with a hatchet, though the dead man was some expert with a knife and it is said he left his mark on the man with the hatchet. The man doing the killing used to spend considerable time in and around Greensboro. He should have remained here. The liquor he got here would not have caused all the trouble. It is too weak.—Greenboro Record.

"There are many acres of alfalfa in Thomas county," says the Thomasville Times-Enterprise, and not one has yet proven a failure." Just so! Alfalfa will not fail in almost any county in South Georgia if efforts to grow it are made by sensible farmers who profit by the experiences of successful alfalfa growers. The out look is that the alfalfa crop in Georgia will increase immensely from year to year until it is high in the list or the State's most valuable crops.—Savannah News.

E. H. Munson, president of the Merchants Association of Wilmington, says that body has had its eye on Whiteville for some time, believing a good live Association here will be a big thing for Whiteville. Arguing along the line of the regular Bureau of Credits—the branch of organization work with which Mr. Munson is more particularly connected, he says: "An organization of this kind can be made to handle not only business propositions but civic matters as well and possibly become a power for creating as well as moulding sentiment along other lines besides that of strict business propositions. The Merchants Association is, of course, strictly a matter of credits—preventing the making of bad accounts, and thus permitting the merchant to sell his wares with greater possibility of getting his money."—Whiteville News

We are afraid Asheville is going to beat Charlotte to the commission form of government. The Citizen is whooping up the cause in the Mountain Metropolis at a great rate, and Billy Bourne has printed a cartoon which will be hard of resistance by the voters. In addition the Asheville people are being informed as to how the commission plan is working in Greensboro, Hickory, Raleigh and Wilmington, all home towns, and the cumulative evidence is all to the good. We are not advised if Asheville is going to have Charlotte's luck in voting against a registration of dead men and of men moved away, but even at that we expect to see Asheville jump into the commission column, as Charlotte is sure to do when the first chance comes along. It has come to pass that a town without a commission government is out of date, and that this may be said of Charlotte cannot be permitted much longer.—Charlotte Observer.

Pepsi Cola is lasting in its effect. Quenches thirst—stops it—doesn't make you thirsty, because it is made of thirst-quenching ingredients and flavored with delicious and rare citrus fruits. Just enough sugar to make everyone like it, and not a bit too sweet.

Pepsi Cola pleases—refreshes—nourishes. Anybody can drink it and feel better. It's pure. Builds up body and mind. It's food—it's pleasure—it's vacation for the tired man or woman. YOU ought to drink Pepsi Cola, morning, noon and night. It will cool your blood—quicken your brain. No other flavor as good. Aren't you thirsty now?

At any soda fountain or carbonated in bottles, five cents.

WANT STATE BOARD TO APPOINT MEMBER

Commissioners Desire Adjustment of Health Investigation.

Acting Surgeon General Advises That Public Service Official Cannot be Furnished—Committee Suggests Action Taken.

Following the receipt of a letter from Dr. W. S. Rankin stating that the acting surgeon general of the United States Public Health Service would be unable to appoint a man to serve on the investigating committee selected for the purpose of hearing certain matters in connection with the Board of Health, the New Hanover County Board of Commissioners in a called session yesterday afternoon formally requested the State Board of Health to appoint Dr. Charles O. Laughinghouse, of Greenville, as the third member of the committee. Dr. Laughinghouse is a member of the State Board of Health.

The letter from Dr. Rankin was received by Dr. Chas. T. Nesbitt yesterday morning and he immediately sent it to Mr. W. A. McGirt, vice chairman of the Board of County Commissioners, Mr. M. S. Willard, the chairman, being out of the city. Mr. McGirt informed Mr. J. Allan Taylor, the citizens' member of the investigating committee, who after conferring with Mr. M. J. Corbett, the city's representative on the committee, recommended that the Board of Commissioners request the State Board of Health to detail a man to represent the commissioners on the committee.

Mr. McGirt then called a meeting of the commissioners to be held at the Court House in the afternoon. At the meeting there were present Mr. W. A. McGirt, who presided, and Messrs. W. E. Yopp and J. T. Kerr. W. P. Stacy, Esq., county attorney, was also present and a record of the proceedings was kept by Mr. W. A. Williams, clerk to the board.

After the reading of a communication from Mr. J. Allan Taylor in which he expressed his regret that the acting surgeon general was unable to detail a man to serve on the investigating committee and recommending that the State Board of Health be requested to appoint a man, the Commissioners adopted the following resolution:

"Whereas, information has been received from the secretary of the State Board of Health to the effect that it will be impossible at the present time for the Surgeon General of the United States Public Health Service to detail an officer for the purpose of serving as a member of the investigating committee selected for the purpose of hearing certain matters in connection with the Board of Health of New Hanover county, and,

"Whereas, the other two members of the aforesaid committee have suggested that the Board of Commissioners of New Hanover county request the State Board of Health to detail some competent person to serve as the third member of said committee in substitution for the officer from the United States Public Health Service as previously specified, and,

"Whereas, the Board of Commissioners of New Hanover county desire an immediate adjustment of this investigation, believing it to be in the interest of all concerned:

"Be it Resolved, That this board most respectfully request the State Board of Health of North Carolina to detail for service on the aforesaid committee Dr. Charles O'Hara Laughinghouse, of Greenville, N. C., who is a member of the State Board of Health."

Enclosed with the letter which was received by Dr. Nesbitt yesterday from Dr. W. S. Rankin, secretary of the State Board of Health, was a copy of a letter from the acting surgeon general in response to a request from Dr. Rankin that he appoint a member of the investigating committee. Following is a copy of the letter:

"Dr. W. S. Rankin, Raleigh, N. C.

"Dear Sir:—I am in receipt of your letter of the 6th instant, regarding the detail of an officer to serve on a committee for the purpose of making a study of the work of the consolidated boards of New Hanover county and the city of Wilmington. In the absence of the surgeon general, I would state that it seems impossible to make the detail requested, this being due to the large amount of work already undertaken and to the unusual stress of duties imposed by the situation in New Orleans.

"Respectfully,
"A. H. G. CLEMONS,
"Acting Surgeon General."

In reply to the letter of Dr. Rankin received yesterday, Dr. Nesbitt yesterday afternoon wrote him as follows:

"Dr. W. S. Rankin, Secretary, State Board of Health, Raleigh, N. C.

"Dear Doctor Rankin:—Upon receipt of your letter of July 14th enclosing reply from Surgeon General of the U. S. Public Health Service relative to the detail of an officer to serve on the investigating committee which is to examine the work of our Board of Health, I communicated at once with Mr. McGirt, who is acting as chairman of the Board of Commissioners in the absence of Mr. Willard, and placed your letter and the enclosure in his hands.

"The board met this afternoon and passed the enclosed resolution which I sincerely hope will be satisfactory to you and to the State Board of Health.

"I am writing this letter by request of Mr. McGirt, who desires me to say to you that an early compliance with this request of the Board of Commissioners will be gratifying to them.

"Very sincerely yours,
"CHAS. T. NESBITT.
"County Health Officer."

Following the adoption of the resolution with reference to the health investigating committee, the Board of Commissioners yesterday afternoon concurred in the action of the Board of Health and the City Council in authorizing the purchase of a motorcycle by the Health Department for the use of a sanitary officer to make inspections in the county.

Upon motion of Commissioner Kerr, the board instructed Mr. R. A. Burnett, road superintendent, to remove a gate at Island Creek, this being on the public road and on the Pender county line. There has been a fence on the line making the gate necessary but since the no-fence law went into effect in Pender the fence is no longer necessary. The people of that section desire to establish a rural route and Uncle Sam requires that all roads shall be free from obstructions of every kind before routes can be established.

LUMBERMEN AT BEACH TODAY

North Carolina Pine Association Will Have Midsummer Meeting at Oceanic Hotel.

The North Carolina Pine Association, composed of the lumbermen in North and South Carolina, Maryland, Virginia and Georgia, will hold its midsummer meeting at the Oceanic Hotel, Wrightsville Beach, today. Many of the members arrived last night and others are expected to come this morning. The summer meetings have been held at Wrightsville Beach for several summers and the lumbermen look forward to them with much interest on account of the pleasant surroundings.

The convention will be called to order at 11 o'clock in the assembly room of the Oceanic Hotel by President Nathan O'Berry, of Goldsboro. Mr. W. B. Roper, secretary and treasurer of the organization, of Norfolk, Va., will be at his post and the business of the association will be taken up without delay. No set programme has been prepared as the meeting will be largely informal.

One of the important questions that will be discussed will be whether or not the members of the association will adopt the southwestern standards of face measurements and thickness for dressing lumber. An afternoon session will be held at which the discussions will continue.

A feature of the meeting will be the attendance of a committee from the recently organized Carolina Air Dried Pine Association, the committee having been appointed by President W. H. McElwee at the recent meeting upon the invitation of President Nathan O'Berry, of the North Carolina Association. The party will arrive from Raleigh in five automobiles, which left Raleigh yesterday morning, expecting to reach Wilmington last night. The party is composed of the committee appointed by President McElwee, Messrs. W. S. Wilson, W. F. Lattimore, C. B. Alford, O. D. Barber, L. James, B. B. Turner, J. K. Barrow, W. B. Gettys Howard White, and W. H. McElwee. In addition to the committee will be Messrs. W. J. Norris, R. J. Whitley, J. K. Barrow, W. D. Bane, John L. Roberts, J. A. Vinson, C. A. Scott, S. Z. Gill, J. A. Chandler, W. L. Gilbert and A. H. Martin.

Quoting a member of the committee yesterday, the Raleigh News and Observer says:

"Since the organization of the new association in Raleigh a great deal of interest has been aroused among the lumber men of the State. Hitherto, there has been no association for the air dried lumber mills and particularly for the small mills scattered through the State. The larger mills are members of the North Carolina Pine Association. But according to the promoters of the new organization, the interests of the two bodies are not altogether common. Immediately upon the notice of the new organization President O'Berry extended to it an invitation to align itself with the North Carolina Pine Association. The sentiment at the meeting in Raleigh was not favorable toward such a coalition. It was the opinion then expressed that the decrease in standing timber in the South and the rapid increase in the cost of machinery, stock, and labor have enhanced the cost of production and that this cost has affected the small lumber mill most severely. Ways and means must be devised to meet such a situation. This was the cause that gave birth to the new association.

"The next meeting of the association will be held in the Chamber of Commerce hall in Raleigh on July 23, at which time the committee which will today leave for Wrightsville will make its report and at which time also a constitution and by-laws will be adopted for the government of the organization. It is expected that a large number of lumbermen from over the State will be present. At the past meeting most of the mills of the central part of the State were present but the next meeting will bring together even others.

"It is the confident expectation of the members of the Air Dried Pine Association to have represented at the meeting on July 23rd mills which have a daily output of a million feet of timber." At the first meeting there were manufacturers present owning mills having an output of half a million feet daily. Since the first meeting Secretary Howard Write says the interest has increased wonderfully. 'I have never known such a stimulation of interest in any one organization,' he said. 'Heretofore the air dried lumber men have drifted about individually without organization and they have jumped eagerly at the first opportunity of organized activity'."

GOES AFTER NEGRO

Mr. Cook Goes to Florence to Identify Man Held There

Mr. Grady Cook, a guard at the East Wilmington convict camp, left last night for Florence, S. C., where he went to identify a negro, held there by Sheriff Thos. S. Burch and believed to be Ernest Jenkins, who, after escaping from a convict camp in this county last summer, shot and killed Bruce Pierce, another negro, in a crap game at Hilton. If the negro now under arrest by the South Carolina authorities turns out to be the man wanted Mr. Cook will bring him back to Wilmington.

The negro was arrested at Florence several weeks ago for some minor offense and is now serving a short sentence on the roads. Sheriff Burch wired Sheriff Cowan yesterday morning that the negro is now available upon proper identification. Sheriff Cowan feels sure that the negro is the man wanted. The county Commissioners have offered a reward of $75 for his capture.

In Pamphlet Form.

The address recently delivered at Wrightsville Beach before the State Bar Association by the Hon. Rome G. Brown, of Minneapolis, entitled "Muckraking the Constitution," and which created so much comment in the State because of its attack upon Justice Walter Clark, of the State Supreme Court, has been published by Mr. Brown in pamphlet form, copies of which were received yesterday. The address is the same, with slight damages, delivered before the graduating class of the Law School of the University of Indiana and before the Texas State Bar Association at Dallas, Texas, July 7th; also before the Indiana State Bar Association at Indianapolis, July 9th.

PORTS WANT RODENT SURVEY

Anti-Rat Crusade Recommended by State Board of Health—Federal Government to Help.

In view of the recent outbreak of bubonic plague in New Orleans, Dr. W. S. Rankin, secretary of the State Board of Health, has written Surgeon General Blue, of the United States Public Health Service, for a Federal rodent survey of North Carolina ports, as suggested by the United States Public Health Service at the time of the outbreak in New Orleans.

At the time such a survey was suggested by Surgeon General Blue, the secretary of the State Board at once communicated with Wilmington and Newbern to know if they desired a Federal survey to ascertain if there was a possibility of infection, similar to the survey conducted by the local Health Department here several years ago, and Wilmington and Newbern each answered in the affirmative. Dr. Rankin communicated the desire to the Federal authorities, but as yet has heard nothing from the surgeon general as to when any survey will be undertaken, if at all, in view of the control of the disease at New Orleans.

At the time of the request from Washington, the State Board of Health issued a bulletin calling the attention of the people of the interior towns to the need of urgent anti-rat crusades and in many places these have already been undertaken. The State Board has no funds with which to prosecute these crusades, hence Dr. Rankin's request for a survey of the ports at the expense of the general government.

Until the situation is more nearly relieved at New Orleans, it is thought to be hardly likely that the United States Public Health Service will take any active steps at Atlantic coast cities.

BRIGADE ENCAMPMENT.

Annual Outing of Popular Wilmington Organization at Beach.

The annual encampment of the Boys' Brigade, as previously announced, will take place at Carolina Beach, beginning this morning at 9 o'clock and continuing for a week. Members of the Brigade will leave at the hour named on the steamer Wilmington and by noon, it is expected that the tents will all be up and the mess hall in operation in time for dinner. Col. Walker Taylor, founder and commander of the Brigade, will be in charge and that is sufficient to insure a most pleasant and successful encampment.

From present indications a large percentage of the members will attend the encampment and they are looking forward with the keenest interest and pleasure to the outing, which is an annual event always beneficial to the young men. While they are in camp the boys will be visited by hundreds of their friends, especially on Sundays. This year the officers in charge are especially anxious that as many of the employers of the boys as possible visit the camp and see for themselves the actual benefits which the young soldiers always receive in this training and outdoor exercise.

The work of the Brigade in Wilmington is known and read of all men and it is a source of community pride to know that the young men are again off for this annual cessation of their labors and period of training for their part in the activities of every-day life.

CLARENDON LODGE, K. OF P.

New Officers for Second Half of 1914—Committees, Etc.,

Clarendon Lodge No. 2, Knights of Pythias, begins the second half-year term of 1914 under most favorable conditions with the following officers and committees who have just been installed by Lodge Deputy J. W. Smith, assisted by Drs. W. C. Galloway and J. D. Nutt:

Chancellor Commander—F. J. Kashagen.
Vice Chancellor—R. L. Meares.
Prelate—Rev. A. D. McClure, D. D.
Master of Work—A. C. Boney
Master of Exchequer—J. W. Smith.
Master of Finance—W. J. Toomer.
K. of R. S.—John F. Littleton.
Master at Arms—R. J. Cosby
Inner Guard—S. B. Moore.
Outer Guard—G. A. Warren.
Relief Committee—Dr. McClure, first ward; W. D. Jones, second ward; G. B. Moore, third ward; R. L. Meares, fourth ward; J. F. Littleton, fifth ward. Col. Walker Taylor is chtirman of the general relief committee and Dr. M. H. P. Clark, of the hall committee.

BEFORE THE RECORDER.

John Green, Colored, Gets Six Months on Roads for Selling Whiskey.

John Green, colored, was before the Recorder yesterday on a charge of selling whiskey. Green denied the charge, but told conflicting stories about how it happened. He was given six months on the county roads and appealed to Superior Court. His bond was fixed at $250 which he was unable to give and went to jail. Lillie Johnson, Chessie Spicer, Martha Davis and Maria Mosley, all colored women, charged with vagrancy, were given 30 days each on the county farm.

Needham Dudley, Lizzie Hill, Ed McIntire and Arthur Bridges, all colored, charged with failure to provide their dogs with collars as required by a city ordinance, had the cases against them nol prossed with the understanding that they would comply with the ordinance immediately. L. T. Guyton, white, was also charged with violating the dog ordinance and his case was nol prossed upon the same condition.

Real Estate Transfers.

Among deeds filed for record yesterday were: V. Sidbury, of Onslow county, to H. E. Longley and wife, for $100 and other considerations, eight acres of land on the north side of the Scott's Hill road, in East Wilmington, adjoining lands now owned by the purchasers. W. M. Cumming and wife to John C. McAllister and wife, for $2,000 property on west side of Front, 86.7 feet south of Castle street, 45.3x115 feet in size. Emma Thomas to Jas. A. McCutchin and wife, for $20 and other considerations, property on east side of 13th, 198 feet north of Martin street. H. W. Konig and wife to Dr. W. Houston Moore and wife, for $100 and other considerations, southeast corner of Ninth and Taylor streets, 70x90 feet in size. Emma Thomas, only heir of Hardy Jones, to Augustus L. Jones and wife, for $10 and other considerations, west side of 14th, 132 feet north of Martin street, 66x165 feet in size. Chadbourn Lumber Co., to Joe Daniel, for $10 and other considerations, northwest corner of Second and Marsteller streets, 66x47 feet in size.

CAPTAIN MARINE IS HONORED

Silver Loving Cup Presented as Testimonial of Skill and Daring in Rescue of Three.

Fourteen members of the fishing party of Capt. Walter Marine, who on the morning of July 4th, at Moore's Inlet, took part in the rescue of three men from the ill-fated launch from which Mr. Scarratt, of Atlanta, Ga., lost his life, on Wednesday evening in the boat house of the Oceanic Hotel, gave a delightful Dutch luncheon in honor of the gallant young captain, whose efforts were largely responsible for the fact that not more lives were lost in the accident.

The feature of the luncheon was the presentation of a handsome silver loving cup to Capt. Marine by members of his party on that occasion as a fitting recognition of his skill and daring on the occasion of the wreck of the launch. In addition to members of the party, there were also in attendance several guests, and the affair was one altogether fitting and enjoyable for all who attended.

Presented by Mr. H. A. Webber to the company of guests, Chas. C. Loughlin, Esq., of the Wilmington bar, a fellow countryman of Capt. Marine, made the presentation speech, paying a high tribute to Capt. Marine and the general type of men who are in the coast marine service of North Carolina. It was especially a pleasure for Mr. Loughlin to present the handsome testimonial to his former townsman, both having been at one time of Swansboro, Onslow county.

Capt. Marine was almost overcome at this fine expression from members of his party on the fateful occasion, but expressed his heartfelt thanks for the splendid appreciation shown. He told of the hazards of the sea and of the necessity of action on many occasions, but said this was the first time that he had been so signally honored by those who had occasion to know of the hardships of the sea.

Those in Capt. Marine's boat at the time of the accident were Messrs. E. F. Banck, J. D. Doscher, Jr., J. W. Orebaugh, Horace Springer, G. W. Anderson, W. H. Banck, W. L. Walker, E. J. Schadt, A. O. Schuster, Carl Fick, D. M. McCall, Mr. Lyon and Master Henry Gieschen.

DERAILMENT OF CARS TIED UP TRAFFIC.

Passenger Trains of Atlantic Coast Line Ran Late Yesterday.

All traffic on the Wilmington & Weldon branch of the Atlantic Coast Line, between Wilmington and Goldsboro was tied up for about five hours yesterday on account of the derailment of a car of a through freight train yesterday morning at 4:45 o'clock a few miles this side of Goldsboro.

Train No. 41 from the North, due to arrive here at 10 o'clock yesterday morning, did not reach the city until after 3 o'clock yesterday afternoon, and northbound trains 90, leaving here at 3:40 A. M., and No. 48, leaving here at 8:30 A. M., could not get by the wreck. The track at the point of the derailment is said to have been torn up for some considerable distance and a wrecking train had to be sent out from South Rocky Mount. Fortunately no one on the freight train was injured. It was a through freight, with perishable fruits, bound from the Wilmington trucking section to the North. Conductor Weaver and Engineer George Farrow were in charge of the train.

On account of the derailment of a freight car on the Seaboard Air Line at Elkton, as announced in the Lumberton correspondence of The Star yesterday, traffic on the Wilmington-Hamlet division of the road was also tied up for some hours yesterday morning, the train from Charlotte due at midnight not having reached the city until 3 o'clock yesterday morning and the trains from Wilmington to Charlotte having experienced a similar delay.

STATE UNIVERSITY WILL HAVE 1,000 STUDENTS

Mr. E. R. Rankin Spending Some Time Here in Interest of Review.

That the University of North Carolina will have an enrollment of 1,000 students when it opens for the Fall term is the statement of Mr. E. R. Rankin, business manager and managing editor of the Alumni Review, who reached Wilmington yesterday from an extended trip through Eastern North Carolina in the interest of the Review, and, incidentally, to confer with prospective new students. The outlook for a most successful year is most promising, he stated last night, and with the largest enrollment of its history already in sight, those in charge of its affairs are highly pleased to say the least.

Mr. Rankin will spend several days in the city conferring with prospective new students relative to courses of study and other matters, and will also increase the subscription list of the Review in this city.

Since the Review was started a year or so ago, it has been the means of bringing about a closer union of the alumni of the University. The periodical has been run on a high plane and it will be of interest to friends of the institution to know that it will be greatly improved this year, this having been made possible by the liberal support which it has received. It is published every month during the school year.

APPLYING ROAD DRESSING

Tarvia, Is Now Being Placed on Villa View Road and on Turnpike

Tarvia B. road dressing, an oil product that is especially adapted to keeping roads in repair, is now being applied by Supt. R. A. Burnett on the Villa View road which was recently built and also on the lower end of the Wrightsville turnpike. This provides a great protection to roads against washing and also keeps the surface from being blown away during dry weather.

It is the purpose of the road committee of the Board of County Commissioners to use quite a lot of this oil on the different roads of the county Several cars were used last year with such beneficial results that its use will be largely increased this year. The importance of keeping the good roads of the county in good condition can be readily seen and it is believed that there is no better way than to use this oil dressing which has received the highest endorsements.

WEIGH YOURSELF BEFORE USING

Weigh yourself before commencing to use Samose, the great flesh-forming food. The wonderful sale on this preparation since first introduced in Wilmington and the remarkable results following its use have made the J. Hicks Bunting Drug Co., such enthusiastic believers in the great value of Samose that they give their personal guarantee to refund the money if Samose will not make thin people fat and restore strength and health to those who use it.

This is a strong guarantee, but the J. Hicks Bunting Drug Co. has seen so many of their customers who a few weeks ago looked like walking skeletons become plump and well, solely through the use of Samose that they feel they cannot say too much to induce people to try it.

This marvelous flesh-forming food is assimilated as soon as it is taken into the stomach, makes good rich blood, tones up the weakened system, helps to assimilate the food and makes the user plump, well and rosy.

SWEET AND BECOMING

Would you appear so, do not neglect your teeth. It is much more important that your teeth are in good condition than that your hat is on straight.

MODERN METHODS IN DENTISTRY

have taken the last excuse away from the timid ones. All pain has been banished and the very best results are now obtainable. Let us examine your teeth.

Contests Start at 4:00 P. M.

SOCIAL and PERSONAL

Dr. and Mrs. S. P. Hillard, of Rocky Mount, were guests at the Orton last night.

* * *

Mrs. H. M. Christian, of Hamptn, Vt., and Mrs. W. T. Christian, of Williamsburg, Va., are visiting Mrs. W. W. Christian on Walnut street

* * *

Anderson, S. C., Intelligencer: "Miss Anna Banks, of Wilmington, N. C., has arrived in the city and is the attractive guest of Mrs. H. O. Wallace, on Calhoun street.

* * *

Mrs. Jackson Johnson, of Winnabow, president of the North Carolina Synodical which convenes at Montreat in annual session next Monday, was in the city yesterday en route to the meeting.

* * *

Mr. and Mrs. J. N. Gillis, of Brewton, Ala., are visiting Mrs. Gillis' sister, Mrs. T. A. Wortham, No. 311 Chestnut street. Before returning home they will spend some time at Wrightsville Beach.

* * *

Mrs. Mack McCluskey, of No. 717 South Eighth street, who was so seriously hurt by being thrown from a runaway vehicle Tuesday afternoon, was still unconscious at the James Walker Memorial Hospital last night. While her condition is serious, it is hoped that she will be improved within a short time.

* * *

After having spent sevtral weeks in Wilmington in the interest of the W. C. T. U., and also of the Carolina and the Southern Cross, the organ of the Daughters of the Confederacy Mrs. George Green has returned to her home in Newbern. She is an enthusiastic temperance worker.

* * *

W. P. M. Turner, Esq., of the Wilmington bar, accompanied by his little son, left yesterday morning over the Seaboard Air Line for a most interesting trip. They go to Wadesboro N. C., where Mr. Turner has had his horse and buggy shipped, and there they will take the private conveyance for a trip through the hill country of Piedmont North Carolina, towards Greensboro, where they will later be joined by Mrs. Turner for a visit to the old home of Mr. Turner. Mr. Turner took along with him his faithful collie, "Dixie", and with the boy will make the trip by easy stages, being away several weeks likely.

* * *

An unusually attractive party was given by Miss Lilly McClammy, at her attractive home, 420 South Fourth street, Wednesday evening, from 8:30 to 12 o'clock. As the guests assembled they were presented with ribbon bows, the boys wearing red ribbons and the girls white ribbon bows. At about 9 o'clock the operatic singing and music began, then each couple was assigned a block to walk around. Then at 9:30 the couples were divided and began walking around the block and as they returned to the house a great surprise awaited them. At the door stood Mrs. McClammy serving cake, marshmallows and iced tea. Next the guests were ushered in the reception room, where dancing began and lasted until 12 o'clock. As the guests departed, they were given souvenirs of walnuts tied with blue and red ribbon, inside of each nut being their fortune. The guests voted Miss McClammy a delightful hostess.

Wrightsville Beach

Mrs. W. J. Adams, of Carthage, is a guest at the Seashore Hotel.

Mr. and Mrs. John A. Oates, of Fayetteville, are among the recent arrivals at the beach to spend some time.

Mr. and Mrs. Vance Weill, of Goldsboro, were among the arrivals yesterday to spend some time at the beach.

Mr. M. Seligman and family of Norfolk, formerly of Wilmington, are spending some time as guests at the Seashore Hotel.

Mrs. James T. Moore and little son, of Atkinson, arrived yesterday and will occupy Mrs. Moore's cottage on the Northern Extension.

Among the arrivals at the Hanover Inn yesterday were Karl P. Rogers, Natural Bridge, Va.; R. S. Rogers, Wielders, Ga.; Hampton Smith, Greenville.

Yesterday's Charlotte News: "Mrs. S. R. Lentz and attractive daughters, Misses Marie and Helen, leave in a few days for Wrightsville. They will be at the Seashore Hotel.

Included in the recent arrivals at the Dunn cottage are Mrs. Barringer, Miss Barringer, Mrs. Rogers and Mrs. Gregg, Florence, S. C.; Mr. and Mrs. Wallace and Mr. and Mrs. Ferguson, Atlanta.

Mr. and Mrs. J. M. Harry, Misses Mary Shelton, Nancy Shelton and Lila and Rosa Little and Messrs. J. H. Little, A. M. Spong, Sr., W. B. Spong and Ernest Spong, of Charlotte, arrived yesterday and are guests at the Seashore hotel.

Included in the arrivals at the Seashore Hotel yesterday were Mr. and Mrs. F. G. Beam, of Columbus, Ga.; and G. T. Hunter, of Charlotte; Miss J. Gasque, Marion, S. C.; Misses Bessie Bookter and Gertrude and Agnes Walker, Columbia, S. C.; and J. W. Brunson, Florence, S. C.

Included in the arrivals at the Oceanic Hotel yesterday were Mr. and Mrs. York Coleman, Rutherfordton; S. R. Coleman, Cola, S. C.; F. R. Boyd, Washington, N. C.; Mr. and Mrs. J. W. Coley, Lumberton; R. H. C. Coley, Los Angeles, Cal.; B. G. Gold, Baltimore, Md.

The State Board of Examiners in Optometry yesterday completed their examination of the eight applicants to practice optometry in this State. The examinations were begun Wednesday morning, the first day being given over to the theoretical side and yesterday to the practical work of testing eyes.

Yesterday's Fayetteville Observer: Mr. and Mrs. Gaither Scott, Gaither, Jr., and Mr. C. L. Bevill left today for a week's visit to Wrightsville Beach.—Messrs. William Nimocks, Dolan Jones and James Parker will go to Wrightsville Saturday for a few day's visit.

It is expected that all the trains arriving in Wilmington today from points in Georgia and Alabama will bring a great many passengers for the beach. Special rates have been made for six-day tickets and this has proven to be very popular with those who want to have a short vacation.

Yesterday's Charlotte Observer: "Mr. and Mrs. John M. Harry left last night for Wrightsville Beach, where they will spend several weeks at the Seashore Hotel.—Mayor Charles A. Bland and Mrs. Bland and children, Miss Terry and Charles A. Bland, Jr., returned home last night from a week's stay at the Seashore Hotel, Wrightsville Beach."

One of the features of the moving picture exhibition at Lumina last night was the presentation of a reel of pictures showing the girl students of Albemarle Industrial School at work and in their recreations. Dr. Geo. H. Atkinson, president of the institution, is in the city in the interest of the school and it was at his request that the pictures were put on. They proved to be most interesting to the many visitors at this popular pavilion.

Tonight is "Atlanta Night" at beautiful Lumina, and being destined to be the gayest night in the history of the popular pavilion, a notable motion picture program has been provided. The bill is headed by a thrilling Selig drama, "An Equal Chance", which is one of the most spectacular dramatic offerings ever produced by the Selig Players.

Then comes "Insects That Sing", one of the greatest educational pictures by the Pathe Freres Company. This picture was prepared by Raymond L. Ditmars, creator of "The Reptiles", and was produced in collaboration with the New York Zoological Society. It will tell everyone something about insects that they have never heard before.

A screaming comedy by the Edison company, is "Falling in Love With Inez", which completes the notable offering for the night.

In these days of tango, turkey trot, maxixe, Australian crawl, ad infinitum when it comes to the dancing game, the orchestra at Lumina last night struck up as a novelty one of the old-fashioned waltzes that were current a few years ago, and the change was interesting. Many couples caught the time and the tune and the dance brought forth to the floor many who have not yet essayed the new dances. Some of the more modern dancers, however, attempted to adapt some of the new steps to the older dance, but were quietly asked to refrain by Don Richardson, who insists that when the old time waltz is played, the dancing must conform.

A great deal of interest is being taken in the aquatic events that are to be given at the beach tomorrow afternoon. There are nine events in all, but the event that is attracting the most attention is the Human Fishing Contest. This is a contest between some good swimmers and an expert with the rod and reel, the rod expert attempting to land the swimmers with a small rod and No. 15 line which is fastened around the swimmer's shoulders. The fisherman is to land the swimmers in 10 minutes' time. All of the events are to take place in the sound from the end of the Lumina pier. The contests start at 4 P. M. Full list of events will be found in the advertising columns of this paper.

It is expected that "Atlanta" night, which will be the attraction at Lumina this evening, will be one of the biggest hits of the season. From 9:15 to 9:45 none but Atlanta people will be allowed on the dance floor. There are a great many Atlantians among the visitors at the hotels and cottages who will be on hand at Lumina tonight to make the affair a success. A great many Atlanta people will arrive this afternoon on the week-end excursion. Of course, the galleries will be crowded with spectators from Wilmington and the beach. Except during the "Atlanta" hour there will be dancing for everybody, and there will also be exhibition dancing by Miss Chandler and Mr. West and open air moving pictures. Lumina will be appropriately decorated for the occasion.

While no special occasion was advertised for Lumina last night, the management of that popular establishment in the summer life at Wrightsville Beach, pursuing its policy of never allowing the interest to lag whether on special occasion or not, introduced a new and novel distribution of favors or prizes which were determined by the relative position of the dancers when the music was, at a given signal from the conductor of the orchestra, stopped and the dancers took their places on the floor according to an arrangement that had been provided by circles. The idea was one suggested by Mr. Arthur Einstein and won in the contest for ideas a $5 gold piece. The awards to the dancers last night were a silk parasol, a handsome pair of shoe buckles and a box of Huyler's. Each of these prizes went to some fortunate dancer who happened to be standing just right when the music ceased. The novelty created much interest and the distribution of the prizes was a most pleasing feature of the evening.

Body Not Recovered.

The body of Ah Sow, a Chinese fireman on the British steamer Kylestrome, who was drowned in the Cape Fear river Wednesday night, while attempting to swim across from the vessel to this side, was not recovered yesterday. The tide was at its height when he went down and it is probable that his body was washed a considerable distance down stream by the receding tide. It is not likely that it will come to the top for several days yet. His home as entered on the books of the ship was in Hong Kong.

Charged With Running Lottery.

Charged with selling furniture in a lottery scheme which violates the laws prohibiting gambling, Jos. Leach and Van Collum, both white, were arrested by Constable John Davis yesterday morning. The warrants were sworn out before Justice Harriss, and they will be tried before him today. Two women were with the men, but they were not included in the warrants issued. Both men are well dressed.

Tonight at Lumina

"Atlanta" Night. Join the happy crowds.—advertisement.

LOCAL DOTS.

—Several hundred visitors from Clinton and intermediate points are expected here today on a one-day excursion from Clinton, arriving about 10 o'clock and returning this evening at 8 o'clock.

—Suit was started in Superior Court yesterday by Maria Melvin, colored, against the Tidewater Power Co. The complaint was not filed. Greer & Greer and John D. Bellamy & son rtpresent the plaintiff.

—A one-day excursion from Wilmington to Fayetteville and return, leaving here at 7 A. M., next Tuesday, will be operated by Thos. H. Knights, the well known colored manager. Returning the train leaves Fayetteville at 8 P. M. same evening.

—The dog cart having ceased its rounds, for the present at least, the police department is now issuing warrants for owners who have failed to provide their animals with the license bodges. A number of warrants have already been issued and served and others are being made out.

—Road Superintendent Burnett says that good progress is being made on grading the highway to Carolina Beach. The "big hill" which involved a large amount of excavating, has been graded and when the road is strawed for its remaining length, there will be a "straight line" for automobiles to the beach.

—Capt. T. H. McGhee, formerly of Carolina Beach, but living for some time on the Castle Haynes road, was adjudged insane upon complaint of residents in the neighborhood, after a hearing yesterday morning before Clerk of the Superior Court Harriss. Application will be made for his admission into the Eastern Hospital at Raleigh.

—A fistic encounter last night about 8 o'clock, on Front street, just below Princess, between Messrs. A. C. Levering and W. D. Stokley, attracted a large crowd. The combatants were arrested by Officers Minshew and Toler and later at the City Hall were recognized for their appearance before the recorder this morning. The cause of the difficulty was not learned.

—Mr. T. W. Pierce, of the Evening Dispatch, has issued a very complete and attractive directory of Wrightsville Beach, which is invaluable to those who want to know the addresses, telephone numbers, etc., of the summer colony there. Five hundred copies have been attractively printed and they are being given wide distribution in the city and at Wrightsville.

PERSONAL PARAGRAPHS.

—Among yesterday's arrivals at the Orton were Hon. J. A. Brown, of Chadbourn, and Mr. H. M. Humphreys, of Goldsboro.

—Mr. H. B. Downing, a well known business man and farmer of Fayetteville and Cedar Creek, was a business visitor in the city yesterday.

—Mr. Cleveland Galloway, a popular Wilmington boy, now with the Constitution, Atlanta, Ga., has been spending a brief vacation here and at the beach.

—Mr. G. H. Ray, a well known labor leader of Savannah, Ga., is in the city for a few days. He is vice president of the Georgia Federation of Labor.

—Mr. Victor Bear, now with the Scuthern Railway in Columbia, S. C., spent a day or two here this week on a brief vacation, returning from the North.

FEDERAL COURT ADJOURNS

Special Term Ended and Judge Connor Goes Home

After having been in session for three days, the special term of Federal Court was closed yesterday afternoon and Judge H. G. Connor left for his home last night. Only one case was heard yesterday, this being that of Mr. Bellamy Harriss against the owners of the barkentine Krmlin, involving some charges for stevedoring. Judgment was not pronounced in this case but will be later.

The next special term of Federal Court will be held in September. Technically court did not adjourn yesterday afternoon but simply took a recess until September.

Child Was Eating Poison.

Carroll, the six-months-old daughter of Mr. and Mrs. D. W. Dowdy, who live at No. 610 South Fifth street, had a narrow escape from death when she opened a bottle of bi-chloride tablets and began chewing one of them about 11 o'clock yesterday morning. She had eaten only a small bit of the poison when discovered by her mother. Dr. C. T. Harper was summoned and treated the child, who was very sick for some time. She had recovered sufficiently to accompany her parents to Newbern yesterday afternoon.

"Needless to Have Superfluous Hair"
Says Mrs. Osgood

After years of disappointing experiments, Mrs. Osgood has found a Wonder-Remedy that quickly and safely removes all signs of superfluous hair on face, neck, arms, or elsewhere, without the slightest annoyance, or risk of injuring the skin. No nerve-racking needle or evil-smelling depilatories. Simply apply the prescription as directed, and all unsightly embarrassing hair quickly disappears.

Mrs. Osgood's Wonder is sold on a Money-Back basis by J. Hicks Bunting Drug Co., who reports many satisfied customers. All first-class druggists and department stores carry it now. Get this famous prescription today—at once—and rid yourself of every trace of superfluous hair without delay.

We Expect to See You

SOME DAY you are going to come here—that we know.

For some day you will realize that we would not repeat the story of superb values so often were they not really just what we say.

We know that it is hard to break old ties, but after all there is no sentiment in dollars, and it's dollars you spend when you buy clothes, hats or furnishing goods.

So, come here now, don't let the time get farther off when you say "I wish I'd come to you before."

For that is what you are going to say, sooner or later.

Safe to say, once you have been here and seen the values we offer in our Hart, Schaffner & Marx Clothes—our Hats, our Furnishings—you will become a steady patron—as so many have before you. And it is **steady** patrons that we want to have for this business of ours.

Don't wait; don't put it off. Come in today.

SHARP BREAK IN COTTON

Mail Advices Show Better Rains in Texas Last Part of Week Than Reports Indicated.

New York, July 16.—Mail advices indicating that there has been better rains in Texas toward the end of last week than suggested by official weather reports and expectations of bearish private condition report from a local authority at the opening tomorrow seemed to be largely responsible for quite a sharp break in the cotton market during today's trading. The close, while steady, was five to eight points below the final figures of yesterday.

The failure of the early weather map to show any rain or immediate prospect of rain in the Southwest, and relatively steady cables caused some buying during the early trading. After opening steady at an advance of one point on July, but generally 1 to 4 points lower, the market sold some 5 or 6 points above yesterday's closing figures.

There was a little Liverpool and Southern buying on this advance, as well as some scattered covering and local bull support. Taken altogether, however, the demand was neither general nor aggressive and the market turned easier after the publication of the Western belt forecast.

Closing prices were a shade up from the lowest on covering. Cotton futures closed steady.

Month:	Open.	High.	Low.	Close.
July	12.27	12.27	12.18	12.19

Cotton Seed Oil—Further liquidation of August contracts improved crop news and the break in cotton caused a sharp drop in cotton seed oil today. Final prices were 2 to 5 points net lower. Sales, 11,800 bbls. Spot, 7.20; July, 7.30 to 7.31; August-September, 7.37 to 7.38; October, 7.14 to 7.16; November, 6.75 to 6.77; December, 6.68 to 6.70; January, 6.69 to 6.70; February, 6.68 to 6.74. Total sales, 11,800.

COMMISSIONERS' SALE.

By virtue of a decree of the Superior Court of New Hanover County, made in a certain cause therein pending, wherein H. M. Chase, et al., are petitioners and Leila Edens is defendant, the undersigned Commissioner appointed in and by said decree, will on Monday, August 10th, 1914, at 12 o'clock, noon, at the Court House door in the city of Wilmington, N. C., offer for sale by public auction, for cash, to the highest bidder, the following described real estate, situate in Harnett Township, New Hanover county, North Carolina, and bounded and described as follows:

Beginning at a stone at the mouth of Spring Branch, where the same empties into Watson's Branch, Samuel N. Cannon's old corner, thence with his line reversed N. 65 deg. W. 817 feet to a stone, another corner of Cannon, thence N. 32 deg. 15 min. E. 1,820 feet to a stone, Hugh MacRae's corner, in the line of the Tidewater Power Company's land, thence N. 87 deg. 30 min. W. 1,043 feet, along MacRae's line to a stone, MacRae's corner, thence S. 54 deg. 40 min. W. 2,968 feet to a stone, another of MacRae's corner, thence S. 11 deg. 30 min. E. 506 feet, to a stone on a ditch, thence down the centre of said ditch in a Southeastwardly direction 2,150 feet, more or less, to a stone in Watson's Branch, thence down the centre of said Branch to the first station, containing 130 acres, more or less.

Dated this July 9th, 1914.

MARSDEN BELLAMY,
Commissioner.

United States District Court, Eastern District of North Carolina. At Wilmington.

In Admiralty

C. D. Maffitt and T. F. Wood, co-partners, trading under the name of Maffitt & Wood, owners of the motor boat "Scuppernong" vs. Barges "Flora" and "Leverine," and whereof the Hammer Lumber Company is owner, their tackel, apparel and furniture.

In obedience to warrant of seizure to me directed in the above entitled cause, I have seized and taken into my possession, the following described property, to wit: the barge "Flora," her tackel, apparel, furniture, etc., and the barge "Leverine," her tackle, apparel furniture, etc., for the causes set forth in the libel now pending in the District Court of the United States for the Eastern District of North Carolina, at Wilmington.

I hereby give notice to all persons claiming the said described property, or knowing or having anything to say why the same should not be condemned and forfeited and sold, and the proceeds thereof distributed according to the prayer of the said libel, that they be and appear before the said court to be held in and for the Eastern District of North Carolina, at the City of Wilmington, on the 22nd day of July, 1914, at 10 o'clock A. M., if the same shall be a day of jurisdiction, wherein on the next day of jurisdiction thereafter, then and there interpose a claim on the same, and to make their allegations in their behalf.

W. T. DORTCH,
U. S. Marshal.

STOCK MARKET MORE ORDERLY

Although New Additional Low Records Were Made in Some Issues—B. & O. Shows Weak.

New York, July 16.—Although new additional low records were established, today's stock market moved in more orderly fashion than on the preceding day. Marked weakness again was shown by Baltimore & Ohio issues, New Haven, Pennsylvania, Denver & Rio Grande, Chesapeake & Ohio, and United States Steel.

New Haven fell a mere fraction under yesterday's low record to 49 5-8, but later in the day recovered and closed with a smart net gain. Baltimore & Ohio's setback may have been due to another court victory by the Union Pacific Railroad permitting the distribution of its "extra dividend," largely composed of Baltimore & Ohio shares.

Weakness in Denver & Rio Grande bore more or less directly on that company's interest in the affairs of the Western Pacific Railroad. Canadian Pacific recovered more of its recent drain on official assurances that no immediate financing is contemplated. London was a good buyer of Canadian Pacific and United States Steel.

Total sales, par value, $1,695,000. United States bonds unchanged on call.

STRENEROUS EFFORT IS MADE TO PERFECT BILL

Senate Judiciary Committee Reports Progress

Clayton Anti-Trust Bill Proves Stumbling Block to Prospect for Early Adjournment of Congress —Debate

Washington, July, 16.—Another strenuous effort was made today by the Senate judiciary committee to perfect the Clayton anti-trust bill. Some progress was reported and it is hoped to have the measure ready early next week.

While the committee was at work on the Clayton bill, the Interstate Trade Commission bill again was under discussion in the Senate. Senator McCumber, North Dakota, insisted that the term "unfair competition," was improper and that the proper phrase to use was "the stifling of competition by unfair methods". Senator Williams agreed with him.

Senator Sterling, South Dakota, said the term "unfair competition," was grossly indefinite and certain to unsettle business just at a time when the business world had learned the meaning by court interpretation of the Sherman anti-trust law. He proposed an amendment conferring on the courts the power to enforce or to suspend the commission's orders.

Senator Newlands replied that the words "unfair competition" established a sufficient rule of action for the commission's guidance and that it was desirable to give the commission all the freedom from the courts that could be given constitutionally.

Senator Brandegee bitterly attacked the proposed legislation as "half baked" and said the country was afraid to attempt to find out anything about it.

Businessmen who go to the White House and give prosperity views in exchange for a free lunch do not understand that a dose is to be administered to them in this trade commission" declared the Connecticut Senator. "If the country knew what is coming there would be a panic.

"This commission provides for a lot of government snoopers, spotters and spies, charged with power to make nothing but a list of dont's. It is not fair for Congress to set up such a commission which passes on business as fair or unfair, but does not guarantee a business man against assaults from the Department of Justice when he proceeds with the sanction of the trade commission."

LABORATORY OF HYGIENE GETS $8,000 PER YEAR

"Tangle" Involving Funds Straightened Out—Bickett's Ruling.

(Special Star Correspondence.)

Raleigh, N. C., July 16.—The tangle in the funds for the State laboratory of hygiene through a "kink" in the legislative statutes involving the appropriations for this important division of the State Department of Health was straightened out this morning by the Governor and Council of State, through an amendment to the ruling of Attorney General Bickett to the effect that the State treasurer would be justified in paying the full $8,000 per year instead of $4,000 per year for the laboratory, the seemingly conflicting statutes of the 1911 and 1913 Legislatures being susceptible to such construction.

When this position had been taken by the Attorney General, Treasurer Lacy was still apprehensive that there might be a question raised and at his request the Council of State adopted a resolution to the effect that the State Treasurer was justified in making the $8,000 instead of $4,000 annual payments for the laboratory, and that the Council of State authorized and directed him to do this.

The resolutions by the Council also indicated that there might not be in the State Treasury at this time ample funds for this additional $4,000 payment, along with other current demands, but stating that the State Auditor could issue his warrants on the Treasury for the amounts and these could be pail as the condition of the Treasury will admit.

In leaving the executive offices this afternoon for his trip to Whitney, Governor Craig stated that it will be probably three weeks before he returns to the city. He will be in Asheville before the end of the week, and spend probably a couple of weeks there.

ROBESON COUNTY BAR URGES CLARK FOR SUPREME COURT

Resolutions Adopted at Meeting at Lumberton Yesterday

(Special Star Telegram)

Lumberton, N. C., July 16.—At a meeting of the bar of Robeson county held here today the following preambles and resolutions were unanimously and heartily adopted:

"Whereas, A vacancy now exists upon the bench of the Supreme Court of the United States caused by the death of Justice Lurton and,

"Whereas, Chief Justice Walter Clark, of the Supreme Court of North Carolina, is a lawyer of highest gifts and attainments, with a national reputation as a profound student of law, as well a man of the highest type of character and Christian citizenship, and,

"Whereas, North Carolina has not been represented upon the bench of the Supreme Court of the United States for more than a century, and,

"Whereas, The life of Chief Justice Clark and his long and eminent services upon the bench has demonstrated his fitness and capacity to hold the high office to which his friends aspire for him, therefore, be it,

"Resolved, By the bar of Robeson county, North Carolina, that we heartily commend the Honorable Walter Clark for appointment to the vacancy which now exists upon the bench of the Supreme Court of the United States, that a copy of these resolutions be forwarded to the President, the Secretary of the Navy and to the United States Senators from North Carolina."

BLOODSHED IN MEXICO OVER IF PLANS WORK

(Continued from Page One.)

cials believe Villa will remain loyal to Carranza.

The department incidentally is intent on securing an observance of the rules of civilized warfare in the city of Mexico. Secretary Bryan today said he always had exerted himself to prevent the killing of prisoners and felt that what had been said by the department in the past was broad enough in its application to cover conditions that might arise in the city of Mexico as a result of Huerta's downfall.

Refugees Reach Puerto.

Puerto Mexico, July 16.—Senora Huerta, with her two sons, George and Victor, and their wives and her unmarried daughters arrived here today and awaited for Gen. Huerta who was expected to arrive tonight or tomorrow morning.

Senora Blanquet, wife of the former war minister, and other distinguished refugees also were in the party. The women of the party boarded the British cruiser Bristol.

Four hundred soldiers, the pick of the army, selected by Gen. Huerta months ago, preceded and followed the special in military trains.

Along the track holding the special trains the Mexican gunboat Zaragoza had taken up a position in the river. A short distance out the British cruiser Bristol, which had arrived a few hours previously, was moored, and beyond the Bristol lay the German cruiser Dresden, which came into the river at top speed just before the arrival of the trains.

It is announced unofficially that another British warship is on the way here from Vera Cruz and it is reported that both British and German vessels are prepared to render any services necessary to make the removal from Mexico of the Huerta and Blanquet families peaceful.

No Demonstration.

When the trains pulled in hardly a resident of the town knew anything about it, and there has been no demonstration of any kind. The Des Moines and Paducah, of the American fleet, are lying just at the mouth of the river.

Capt. Fanshaw, of the Bristol, does not know whether the honor of conveying the Huerta family out of Mexico is to be his. His instructions are to afford asylum in case of trouble, and although no trouble has occurred, Senora Huerta, Senora Blanquet and the other women decided to accept his hospitality.

Capt. Erich Koler, of the Dresden, also has orders to place his boat at the disposal of Huerta and Blanquet who are now on their way here, but he professed to be equally ignorant of the service he will be called on to perform. These will depend largely on Huerta and it is believed that he will accept the offer to carry him abroad.

Jorge and Victor Huerta and two or three other men took a trip around the town, but the morning was spent by the women in the stuffy cars, in which they sweltered on account of the excessive heat. The women maintained a cheerful attitude, however, which in the case of Senora Huerta, especially, appeared unassumed. For a long time she had been urging the general to abdicate.

The arrival at Puerta Mexico of the ex-president and the ex-war minister is looked for between 8 or 9 o'clock tomorrow morning. It is expected they will ask the Dresden and Bristol to carry the refugees to some neutral port where they can transfer to a regular steamer for Europe.

Jorge Huerta, who holds the rank of colonel, walked about the streets, greeted friends and bore himself as jauntily as in the capital. He did not associate with Americans, however, and was outspoken in expressions of disapproval of Americans.

A few Constitutionalists are known to be operating not far from Puerto Mexico, but nothing has occurred to indicate any movement on the part of Huerta's enemies to interfere with his leave taking.

SAYS OVERMAN WILL ENDORSE JUDGE CLAR

(Continued from Page One.)

of the State will have endorsed the North Carolina jurist.

Mr. Brooks stated tonight before leaving for Greensboro that he believed Judge Clark better fitted for the position than any man he knows. He pointed to the fact, too, that the Fourth district has not had a judge in nearly fifty years, and that the State of North Carolina has not been represented on this high court in over a hundred years. The only two Supreme Court judges the State ever had were Judge James Iredell and Judge Alfred Moore.

Don't Care About Tariff.

Zeke Young, of McCullers, called at the White House today with Representative Pou. He, too, missed seeing the President. Mr. Young declared that the people of North Carolina did not give a hurrah whether they had high or low tariff. He said they were prosperous and about the only thing they had ever gotten from the government that the farmers cared about was the rural delivery carriers. "Give us our rural delivery carriers, and that is all we ask in my section," said the Wake county Democrat.

Kitchin for Statewide Primary.

Representative Claude Kitchin came out today strong for a Statewide legalized primary. He said he is heartily in favor of the primary and hopes to see the next Legislature pass a law that will give the people relief.

Governor Craig has appointed Robert H. McNeill and Adrian Sizer attorneys for the State, to investigate whether there is any money due North Carolina from the War Department for expenses incurred in raising troops during the War of 1812, the Civil war, and the Spanish-American war. Mr. McNeill said not even a guess could be made as to the amount due the State until he had made a thorough investigation.

Clerk of the Federal Court A. L. Blow, of Raleigh, is here. P. R. A.

TWO SAMPSON TOWNSHIPS VOTE RAILROAD BONDS

To Aid in Construction of Central Carolina Line.

(Special Star Correspondence.)

Mout Olive, N. C., July 16.—It was learned here today that three townships in Sampson county held elections Tuesday on the question of issuing bonds for the purpose of assisting in the construction of the Central Carolina railroad, but the exact vote from only two townships was ascertainable, these being Newton Grove and Westbrook townships. The votes in these two townships were overwhelmingly in favor of bonds, and were, to be exact, as follows: Newton Grove, 147 for bonds and 1 against. Westbrook, 114 for bonds and 16 against.

And they asked me how I did it, and
I gave 'em the Scripture text,
"You keep your light so shining a
Little in front o' the next!"
They copied all they could follow,
But they couldn't copy my mind,
And I left 'em sweating and stealing
A year and a half behind.
—Kipling.

Mothers Tell of Mother's Friend

Experience is or should be our best teacher. Women who have obeyed the highest and noblest of all sacrifices, the struggle for the life of others, should have a better idea of helpful influence than those who theorize from observation.

At any rate when a prospective grandmother urges her daughter to do as she did—to use "Mother's Friend," there is reason to believe it the right advice.

"Mother's Friend" is an external application for expectant mothers. Its purpose is to furnish pliancy to the muscles, to take away the strain on the cords and ligaments, to relieve the tension of nerves and tendons so apt to provoke or aggravate nausea, morning sickness, twitchings of the limbs and so on.

Although, in the nature of things, a woman would use "Mother's Friend" but but rarely, yet so effective has it been found that this splendid remedy is on sale in most drug stores throughout the United States. It has been prepared by Bradfield Regulator Co., 406 Lamar Bldg., Atlanta, Ga., and advertised by us for over forty years. This is a fine record for such a special remedy and the grateful letters received to-day are just as appreciative as were those of years ago notwithstanding that methods are supposed to have greatly advanced. Ask at the drug store for a bottle of "Mother's Friend." It is worth while.

FRECKLES

Now is the Time to Get Rid of Those Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as the prescription othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of othine—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength othine as this is sold under guarantee of money back if it fails to remove freckles.

Pimples Removed
With our Saxo Salve

Amherst, Ohio.—"I had a pimple on my face which grew until it was as large as a silver dollar. Doctors said it would have to be cut out and when my druggist asked me to try Saxo Salve, I made fun of him but did so, and it entirely cured me. I cannot say enough in praise of Saxo Salve."—M. R. CRANDALL, Amherst, O.

If we can't cure your skin trouble with our Saxo Salve and Saxo Soap we will buy back the empty tube.

Robert R. Bellamy, Druggist.
